## MANY REFUGEES CROSS BORDER

### American Troops Will Not Be Sent Into Mexico Without Orders

### ADMINISTRATION CONFIDENT

**American Soldiers Will Protect International Bridges Against Destruction by Constitutionalists.**

Washington, Oct. 1.—Orders that no American troops be sent into Mexican territory at Piedras Negras without specific instructions from Washington, went from the War Department today to Brig. Gen. Bliss, commanding the United States border forces. Full advices have been received from Gen. Bliss and Consul Blocker concerning the situation at Piedras Negaras as a result of its evacuation by the constitutionalists. The Washington administration is confident there will be no developments to make necessary a departure from its settled policy of non-intervention.

Consul Blocker and Major Caldwell, commanding the American troops at Eagle Pass, Texas, arranged with constitutionalist officers at Piedras Negras that the constitutionalists would not attempt to destroy either of the two international bridges there. This has been demanded on the ground that the bridges were necessary to insure the safety of American and other foreign residents in Piedras Negras.

Instructions to Gen. Bliss were not to prevent American troops from returning any fire that may be directed upon them from the Mexican side.

Several days ago Gen. Bliss was authorized at his own request to take care of any Mexican wounded of either side that might cross the river. This authorization it was said at the State Department, was sufficient to warrant the general in taking under his own care six car loads of wounded constitutionalists reported to have been sent across the Rio Grande this afternoon by the fleeing rebels. Regarding the disposition of the large number of fugitives who are trying to cross the bridges at Eagle Pass, it was said at the War Department that as many of them bear arms and are soldiers, they would be "detained" by the American military officers, while the immigration inspectors and customs officers will deal with civilian refugees.

**Condition Not Serious.**

Department officials say the situation at Piedras Negras is by no means serious, nor does it threaten to involve hostilities between Americans and Mexicans at that point.

Expert army opinions here is that while the Federals have been slow in developing this attack on the rebels, in Coahuila, they probably have succeeded completely in their campaign and as a result, except for a small force of constitutionalists at Matamoras, opposite Brownsville, Texas, the rebels have lost possession of the entire border of Mexico west of Sonora in which State Gen. Carranza has made his temporary headquarters.

**Piedras Negras Evacuated.**

Piedras Negras, Mexico, Oct. 1.—Confronted by an implied ultimatum that United States soldiers would be used to prevent the destruction of the international bridge here as well as American property on the Mexican side, every responsible chief of the constitutionalist movement disappeared from this place, their military capital, between midnight and 6 o'clock this morning.

The town is at the mercy of the Federals, should they continue to advance. After deserting the city, the constitutionalist chiefs sent a message to Major Caldwell, of the 14th United States cavalry, apprising him of the evacuation and requesting that troops be used in preventing filibusters from crossing the river at this point. Constitutionalist headquarters were closed and word was passed that dynamite had been planted under the foundations.

What is known as the "dynamite squad" was ordered to be prepared for immediate action in case the Federals succeeded in forcing their way through this city. All stores have been closed and those who were able to take their merchandise to Eagle Pass are doing so.

**3,000 Refugees in Line.**

It is estimated that 3,000 refugees were in line waiting their turn to cross to the United States side and it became necessary to impose a head tax of $5 to break the blockade.

In explanation of the abandonment of Piedras Negras the constitutionalist minor officials remaining here assert that the entire available fighting force is being mobilized at Peyotes, 25 miles north of Sabinas, where it was decided this morning to make the final stand.

Nearly 500 United States soldiers arrived last night at Eagle Pass to lend their assistance in case of local trouble with the Mexicans.

Several looters were shot down in the streets here today by constitutionalist troops who sternly suppressed a spirit of anarchy which showed itself last night.

**Injured to Eagle Pass.**

Eagle Pass, Texas, Oct. 1.—Six carloads of injured Mexican constitutionalist soldiers were moved across the Rio Grande river and left in front of the United States military post this afternoon. The local authorities are at a loss as to what disposition to make of these men.

**Discrimination Charged.**

Washington, Oct. 1.—Senator Morris Sheppard, of Texas, took up with the Treasury Department today a complaint from H. L. Beach, of the San Antonio Light, that the government was discriminating against the Mexi-

(Continued on Page Eight.)

## WHALEY INQUIRY POSTPONED

**House Elections Committee Adjourns Until December—Policeman Gives Evidence—Case From Carolina.**

Library of Congress

Washington, Oct. 1.—After examining witnesses brought to support the charge that Representative Richard S. Whaley, of the First South Carolina district had spent large sums unlawfully to obtain his nomination, the House Elections Committee late today decided to adjourn until December.

It was said at the Capitol that this meant the committee would make no further inquiry and take no action on the charges filed originally with Speaker Clark by Mayor John P. Grace, of Charleston.

H. F. Hogan, a Charleston policeman, a worker in the two primaries held in the district before a candidate was chosen, testified that he spent about $2,800 in the interest of E. W. Hughes, a candidate opposing Whaley. He testified that Henry W. Friend told him that Whaley adherents spent about $2,500 in the first campaign.

How much did the Whaley supporters spend in the second?" Hogan was asked.

"I don't know," said the witness. "Them was wise guys in the second primaries; nobody will never know how much they did spend."

Hogan said Whaley met him before the first primaries and wanted him to "lighten up" in his work for Hughes. He said he was offered $50 to lighten, but he refused it.

"I met Whaley once on the street," said Hogan. "He asked me to support him and I said 'I'm a Hughes man.' He said to me: 'I'm going to Congress or I'm goin' broke'."

Steve Sargent, an employe of the A. C. L. railway, a party who worked for Hughes in the second primary, testified that he had heard the two factions spent $13,000 in the Ninth ward of Charleston at the second primary. He thought the Whaley forces put up $8,000 of the total.

### LAW STUDENT IN TROUBLE.

**Is Charged With Serious Offense—Detective is Suspended.**

New York, Oct. 1.—Hermann Oelrichs, Columbia law student and son of the late Hermann Oelrichs, shipping merchant, was arrested by order of Deputy Police Commissioner Dougherity late tonight on a charge of felonious assault as the result of a story told to the police by Lucille Singleton, a 19-year-old Bryn Mawr student, the daughter of a Texas mine owner.

At the same time a detective, Theodore Trayer, who had investigated an automobile accident to young Oelrichs' machine on Broadway last night, was suspended. Trayer's report regarded the accident, in which Miss Singleton had been reported "injured" by being tossed through the windshield of the machine was not satisfactory in the light of later developments in the case, obtained later by other detectives, it was announced at police headquarters.

The machine that met with the accident, striking a stone and crashing into a tree, belonged to Oelrichs. The girl's companion, fled leaving the wrecked car behind him and Miss Singleton was removed to a hospital and later to her home.

A man wearing glasses and saying he was a detective called on Miss Singleton today and advised her to "settle" the case for money, detectives told Dougherty, and after a conversation in which the sum of $5,000 was mentioned, an understanding was reached.

Detectives tonight concealed themselves in Miss Singleton's home and Oelrichs and a companion, they say, walked in and Oelrichs was arrested as a result of a conversation between the two and Miss Singleton. The other man was not made a prisoner. The young woman's condition, it was said tonight, is not serious.

Oelrichs was locked up in a police station cell tonight to await arraignment tomorrow. He is 22 years old, and a first-year student in the law school.

### MAY ALTER BILL.

**Want Central Bank to Dominate Currency Situation—Federal Control.**

Washington, Oct. 1.—The possibility of altering the Administration Currency bill, to provide for a central Federally-controlled bank, to dominate the currency situation of the country was discussed today before the Senate Banking and Currency Committee by Charles A. Conant, of New York, financial expert.

Owing to Senate troubles over the tariff, Democrats of the committee left the examination of Mr. Conant to the Republicans, while they attended the tariff caucus. Mr. Conant recommended the central Federal institute as a vast improvement over a system of twelve regional banks.

Tomorrow the committee will hear a delegation of bankers from Indiana. Before the end of the week delegations from Texas, Mississippi and Louisiana will appear.

### RESTRAINING WRIT ISSUED.

**Judge John E. Humphreys Cannot Hear Contempt Cases.**

Seattle, Wash., Oct. 1.—The State Supreme Court issued an alternative writ today restraining Superior Court Judge John E. Humphreys from hearing the contempt cases of Emil Hendrix and Thomas Russell, cited by Judge Humphreys to appear before him tomorrow to answer for signing a resolution of defiance drawn up and circulated by Socialists. Fifty-five of the 140 men and women who signed the resolution were arrested and more than a dozen, including a woman, stil are in jail. Hendrix and Russell were the only defendants who appealed from the action of Judge Humphreys in overruling their motions for transfer of the case to another judge. The defiance of the Socialists is directed at Judge Judge Humphreys' injunctions against street speaking.

Bristol, Va., Oct. 1.—The safe of the Southern Railway at Bulls Gap, Tenn., 60 miles south of Bristol, was dynamited early this morning. About $300 was taken by the yeggmen, who left no clue.

## DEFENSE STARTS CASE TOMORROW

### Assembly Board of Managers Rested Their Prosecution Yesterday.

### TRIAL DRAWING TO AN END

**Mrs. Sulzer Will Defend Governor's Alleged Speculative Transactions on Street—Claims They Were for Her.**

Albany, N. Y., Oct. 1.—The assembly board of managers today rested their case in the trial of the impeachment of Governor William Sulzer. The high court then adjourned until tomorrow afternoon when counsel for the Governor will submit preliminary motions before opening the case for the defense. These disposed of, counsel probably will ask permission to take another adjournment before calling their first witness.

This witness, it is said, will be Louis A. Sarecky, the Governor's campaign secretary, whom counsel for the impeachment managers failed to put on the stand, although he was under subpoena. Sarackey endorsed many of the checks given to Sulzer during his campaign, which were not reported in his sworn statement of campaign contributions.

Both the Governor and Mrs. Sulzer, it is believed, will take the stand before the defense closes. The Governor will defend his failure to report the numerous contributions he received on the ground that they were personal gifts, it is believed.

Mrs. Sulzer, it is said, will defend the Governor's alleged speculative transactions in Wall Street with testimony to show that they were conducted for her account. She is expected to tell the story of the loan she is said to have contracted with the Carnegie Trust Company and to seek to prove that for the sole purpose of paying the loan the Governor borrowed money from the stock exchange firm of Harris & Fuller on securities owned by her.

When Fred L. Colwell, the Governor's alleged agent in his Wall Street transactions, will be called is a subject of much speculation tonight. His whereabauts have been known to the Governor's attorneys, but they have declined to produce him unless it was stipulated that he would not be placed under arrest for refusing to obey a subpoena of the Frawley investigating committee.

Lieut. Com. L. M. Josephthal, who paid a debt of $26,752, contracted by the Governor with Harris & Fuller, according to the testimony, is expected to be a witness. He reached Albany tonight from New York where he arrived today from Europe.

The close of the case of the Assembly managers today marked the elapse of two weeks since the trial began and of six days consumed in taking testimony. Many witnesses under subpoena were not called.

The final shot of the managers was the testimony of John B. Gray, member of the brokerage firm of Fuller & Gray, which handled the "account No. 500" of Frederick L. Colwell. Gray testified that Colwell had told him this account was Governor Sulzer's. Gray also said he had contributed through Colwell to the Governor's campaign fund upon a representation that it would bring him business.

Now that the direct testimony is all in, Attorney Isidor J. Kresel said no further effort would be made to locate the "mysterious woman" in the case. She is Miss Bessie Colwell, a relative of Frederick D. Colwell. The board of managers wanted her chiefly to testify regarding the whereabouts of Colwell, but they also intended to question her as to her knowledge of his stock deals for the Governor.

"Counsel for the board," said Kresel, "feel that we have shown almost everything we promised. Some ground which still is to be covered will be gone over on re-direct examination.

"Why did we not call Sarecky? He was a hostile witness to our side of the case. When he is called by the defense, if ever he is, we shall question him. We also shall interrogate Colwell at length if he is called."

At the opening of the morning session of the court, Melville B. Fuller, of the brokerage firm of Harris & Fuller, was granted permission to make a personal statement. He said that he and his firm had been misrepresented.

"I have concealed nothing," the witness declared. "I testified frankly and freely before the Frawley committee, and the books of my firm are correct. No balances were forced; no items were omitted or concealed in them to protect Sulzer or any one else."

### WATER STILL RISING.

**Menaced on Two Sides Lake Charles Faces Bad Situation.**

Lake Charles, La., Oct. 1.—Menaced on one side by danger from a further rise in the Calcasieu river and on the other by an increased overflow from English Bayou, Lake Charles tonight is confronted with a serious flood situation.

Back water tonight from the Bayou was flowing into one of the principal residence districts at the rate of two inches an hour. Only the northern part of the city, and a strip along the lake side remained entirely out of water. The tracks of the Southern Pacific, the only railroad operating trains into the city, were a foot under water tonight.

Rescue parties were sent out from here today to remove to high ground many persons marooned in farm houses otthe east of the city, where the water is from four to ten feet deep. Crops are a total loss in some instances.

## ROAD CONGRESS WORKING

**"Hobo King of America" Given Seat in Congress Because of Interest in Good Roads—Technical Discussions.**

Detroit, Mich., Oct. 1.—Technical discussion occupied the greater part of today's sessions of the American Road Congress. The subjects ranged from the selection of road materials to the financial and economic of the question.

An event that was not on the programme occurred when the discussion was interrupted by the entrance of a man who shouted:

"I am the hobo king of America, and who is more interested in good roads than the hoboes? I ask to be seated in this congress as a delegate."

It developed that the speaker was C. Jeff Davis, president of the International Itinerant Workers' Union. He was given a seat.

Logan Walter Page, president of the congress, discussed selection of materials for macadam roads.

"Of all factors which go to make up the perfect macadam roads," said Mr. Page, "there is undoubtedly none more potent than that of the suitability of the material which enters its construction."

William L. Bowman, a New York City attorney, discussed legal suggestions respecting road contracts; Daniel J. Hauer, of New York City, the protection and up-keep of road equipment; Halbert P. Gillette, highway accounting, with special reference to maintenance; Henry G. Shirley, chief engineer of the Maryland State roads commission, systematizing the purchase of road materials and equipment.

### KELLUM BEER BILL.

(Special Star Telegram.)

Raleigh, N. C., Oct. 1.—The Kellum bill for local option as to sale of beer in Wilmington and New Hanover county, is sleeping with the Liquor Traffic Committee with no one, not even the rankest prohibitionists, in the least disturbed about it. It is conceded that there is not the least chance for favorable report from the committee or for its passage on probable minority favorable report in the House. Many legislators go as far as to say when asked about it that any delegations that come here Monday afternoon for the hearing on this bill will be wasting time and railroad fare.

## State Department Gets Surprise

Washington, Oct. 1.—Surprise was expressed at the State Department today at the report from Tokio that another note bearing on the California anti-alien land legislation had been dispatched to Washington. The last Japanese note presented more than a fortnight ago, remains unanswered. It had been assumed that the negotiations temporarily would be held in abeyance until the return of Counsellor John Bassett Moore. Mr. Moore has been on a month's vacation and returned to Washington today. The strictest secrecy has been maintained. It is reported here, however, that the Japanese government has decided it cannot successfully meet the contention of the State Department that the California land law is not in conflict with the existing treaty and has decided to seek a new convention.

Unofficial information from Japan indicates that Japan is inclined to ask for an agreement that will, in conventional terms, recognize the right of Japanese land ownership in any State of the United States on even terms with the citizens of any other nation.

The attitude of the State Department regarding such a proposition remains to be developed.

Milwaukee, Oct. 1.—The Chicago Americans and the Milwaukee Association team played a 10-inning tie game today, score 3-3. Russell, Scott and Schalk officiated for the White Sox and Hovelik and Hughes for the Milwaukee team. Darkness ended the game.

Philadelphia, Oct. 1.—Pennsylvania defeated Franklin and Marshall 13 to 6 in the first game of the season, played here this afternoon.

### OUTLINES

Robbers at Dardanelle, Ark., who blew open a bank vault there, secured $4,000.

Inquiry into the charges that Congressman Whaley, of South Carolina, used large sums to secure his nomination, was postponed until December.

No American troops will be sent into Mexican territory without specific orders from Washington. Six car loads of wounded Mexicans were hauled across the Rio Grande and left in front of Federal headquarters.

Experts marshaled to refute the charge of the Federal government that the Steel Corporation deserves dissolution as an illegal monopoly began their testimony yesterday where it was left off last June.

The Assembly board of managers have rested their case in the trial of the impeachment of Governor Sulzer.

Flood conditions in Louisiana and Texas towns are growing worse. Much property loss at Lake Charles, La., and water still rising.

Disaffection among Democratic Senators prevented final action on the tariff bill yesterday.

New York markets: Flour barely steady. Wheat easy; No. 2 red 94 1-2; No. 1 Northern Duluth 94 1-4. Corn easy; export 79 1-4. Turpentine steady. Rosin quiet. Money on call firm 2 3-4 to 3 per cent; ruling rate 3; closing bid 3 to 3 1-2. Spot cotton steady; middling uplands 14.20; middling gulf 14.40; sales 162 bales.

## TARIFF BILL MAY BE PASSED TODAY

### Caucus Abandons Position on Cotton Futures for Later Action.

### MAY SOON GO TO PRESIDENT

**Final Action May be Delayed by Desire of Senators in Both Parties to Discuss Provisions of Conference Report.**

Washington, Oct. 1.—Dissatisfaction among Democratic Senators which today prevented final action on the tariff bill, was dissipated under the influence of a heated caucus discussion, and this evening the caucus approved the bill as reported by the conference committee of the House and Senate. Six Democrats voted against approving the report.

The caucus decided to abandon its position on the proposition in the bill to taxa dealings in cotton futures and leave the entire subject for later legislative action.

After the caucus Senator Simmons said he was confident the Senate would complete its consideration of the bill tomorrow. He said a motion would be made first to agree to the conference report and that then he would move to disagree to the Underwood cotton tax amendment and also to recede from the Senate amendment.

With the bill thus disposed of by the Senate, the House probably would agree to drop the cotton futures tax provision, and send the tariff bill to the President. A resolution proposing to bind Democrats by tonight's caucus was offered by Senator Lewis, of Illinois, but was withdrawn with the understanding that the binding nature of former tariff caucuses applied to the entire consideration of the tariff bill.

While Senator Simmons expects to finish the bill tomorrow, the desire of Republican and Democratic Senators to discuss the provisions of the conference report may delay final action.

Today's caucus battled loud and long over various provisions in the bill. Chief among these were the elimination of the tax of $1.10 a gallon on grape brandy used to fortify sweet wines, against which Senator Pomerene, of Ohio, voiced strenuous protest; the differential between wire rope and wire in completed cables, which as fixed by the conference aroused the opposition of Senators Reed, of Missouri, and Hughes, of New Jersey, and the arrangement of the paragraph including cast iron pipe.

Senator Simmons, in charge of the bill, moved that the conference report be accepted. His motion was carried by a vote of 33 to 6. Senators Reed, Pomerene, Vardaman, Hollis, O'Gorman and Hughes voted against it.

Senators who supported the Clarke amendment taxing cotton futures expressed strong objection to the administration substitute and declared they would prefer to allow the entire matter to go over for special legislation rather than accept the Underwood provision. This plan finally was adopted without a vote.

### TWO DEAD IN NEW YORK.

**As Result of Heavy Rainfall—Subways Flooded—Traffic Delayed.**

New York, Oct. 1.—A rain storm that reached almost a cloudburst in proportions, descended on New York this afternoon establishing a record precipitation that flooded streets, tied up the subway, hampered surface and elevated traffic and in suburbs for several hours and caused property loss that cannot be estimated tonight.

Two persons were killed and several injured. Four men were buried in a sewer cave-in, but were rescued. Lightning played above the city and struck an elevated train and several buildings, setting fires which the deluge extinguished. Incoming trains from all directions were delayed, as cuts and tunnels resembled rivers within canyons. Within the city the traffic congestion was such that the resources of the transit companies and the ability of the police to handle the crowds were severely taxed. Brooklyn bridge saw the greatest traffic rush in its history. It was late tonight before the transportation officials advanced normal conditions.

There was little wind here, but along the New Jersey coast theer was a gale blowing 50 miles an hour. Rain swelled the Passaic river nearly to its previous high water mark, and the streets of Newark were inundated.

Thomas H. Walsh, a train dispatcher, bossing a pumping gang in the subway, slipped and fell on the third rail and was killed. The other victim during the storm was Hugh Clarke, a Jersey City patrolman, electrocuted at his street call box.

### AEROPLANE FALLS.

**Several Persons Hurt—Machine Falls in Crowd of Spectators.**

Elkins, W. Va., Oct. 1.—Caught by a drift of wind, an aeroplane driven by Irving Conley, of Buffalo, N. Y., fell about 50 feet today at the fair grounds here injuring several persons, two severely. Willard Nallen, a negro, was struck by the motor and his skull fractured, and Mrs. J. A. Boylen, of Cumberland, Md., lost her right hand and her body was cut and bruised. Conley's back was sprained and body bruised by the plunge.

### PREPARING FOR WAR.

**Greeks Call Reservists to Colors Within Three Days.**

Athens, Oct. 1.—Greece is preparing for war with Turkey and the reservists have been summoned to the colors within three days. The immediate evacuation of Dedeagatch has been ordered.

## CONTINUES DISSOLUTION TRIAL

**Suspended Since Last June Government Again Takes Up Charge Against Steel Corporation —Experts Testify.**

New York, October 1.—The Steel Corporation marshalled its experts today to refute the government's charge that it deserves dissolution as an illegal monopoly. The corporation took up the defense where it was left off when hearings in the Federal suit seeking the corporation's dissolution were suspended last June. It maintains not only that it is not a monopoly, but that a monopoly of the steel and iron trade is an impossibility.

The defense probably will take up the time from now until January or later. The next two weeks probably will be given to testimony concerning the ore holdings of the corporation.

Many ore experts and geologists have been called.

The long drawnout suit, it is estimated, will not be completed until a year from this Fall. As the government's "bill of complaint" was filed in October, 1911, the case already has been underway for two years.

Prof. C. L. Leith, of the University of Wisconsin, the first witness, answering a question whether he could estimate the percentage of available ores in Michigan controlled by the Steel Corporation, said about 30 per cetn. in 1911 and slightly less in 1912.

George P. Crosby, a mining engineer of Duluth, was questioned concerning the Cuyuna ore region in which he is interested. He explained that this land is and has been open for lease to any one offering a fair price.

The hearing will be resumed tomorrow when W. N. Morrison, of the Steel Corporation, will be called.

### DR. MOORE PENSION SURGEON.

**Recommended by Congressman Godwin for Position Here.**

(Special Star Telegram.)

Washington, D. C., Oct. 1.—Representative Godwin was notified today that Dr. W. H. Moore had been appointed pension examining surgeon at Wilmington, reliving Dr. C. T. Harper, and that Dr. J. V. McGougan had been named to a similar position at Fayetteville, to succeed Dr. J. W. McNeill. The appointments were made up the recommendation of Mr. Godwin.

The Senate confirmed the nomination of A. C. Hughes to be postmaster at Apex.

Oscar Snipes finally won out in his fight for the postmastership at Rocky Mount when the Senate in executive session today confirmed his nomination.

The political enemies of Snipes again tried to delay his confirmation when they flooded Senators Simmons and Overman today with telegrams asking that his nomination be held up. These messages were not received here until after the Senate had acted. However, it is not thought that either of the Senators would have voted to hold up the confirmation had the telegrams been received earlier.

The Postoffice Department had already made a thorough investigation and officials here are satisfied that Snipes will make a good official.

Senator Overman's resolution allowing the appointment of deputy marshals and collectors, without observing the civil service rules, was reported favorable today by the full committee on appropriations. It is practically certain that the Senate will adopt the resolution when it comes to the final test.

### LURED TO DEATH.

**Murder and Blackmail Are Charges Against Chicago Man.**

Chicago, October 1.—The man who lured Mrs. Mildred Allison-Rexroat, the tango teacher to Wayne last Friday and who shot her and placed her body on the railroad track, answers the description of a former West Chicago citizen.

Sheriff A. A. Kuhn, of Dupage county, made this assertion today. He added that he expected to have this man in custody when the inquest re-opened tomorrow morning.

A real clue was obtained at Macomb, Ill., today, by State's Attorney Hadley, of Dupage county, revealing the elusive "Mr. Spencer," suspected of the murder, as a blackmailer.

The information came from Everett Rexroat, second husband of the murdered woman and his father, William.

According to their story, "Spencer" and the alleged blackmailer are alike in every detail.

Mrs. Allison-Rexroat was on the farm when this man made his appearance. He took photographs of the farm and attempted to sell them to the elder Rexroat. When Mrs. Allison-Rexroat took the train for Chicago that night, the picture salesman boarded the same rain. Shortly after this incident the elder Rexroat received a letter from a lawyer. This epistle said the woman was in a maternity hospital in Chicago, and suggested that it would be well for the recipient to help her with money.

Hadley obtained receipt given a neighboring farmer by the picture peddler, and some letters written by Mrs. Allison-Rexroat. The name of the lawyer whose stationery was used in writing the alleged blackmailing letter also was obtained.

### STANDARDIZE PARCEL POST.

**Baltimore, Boston and Richmond Offices to Give Instructions.**

Washington, Oct. 1.—Aiming at standardized methods of handling parcel post matter, the Postmaster General has named Baltimore, Boston and Richmond as offices where general instructions will be given by experts of the department. Once a standard is attained in these offices, every postmaster must familiarize himself with methods adopted.

Mr. Burleson has determined that safety to merchandise transported shall be a governing feature of the service.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## "SNEAK BILL" SLIPS THROUGH

### House Unwittingly Passes Measure Changing Congressional District.

### LOCAL LAWS AMENDMENT

**House Disposes of Salaries of Legislators—Constitutional Amendments Debated—Miscellaneous Local Bills.**

(Special Star Telegram.)

Raleigh, N. C., October 1.—A stir was created in legislative circles tonight when it was found that the House had, without knowing it, passed and sent to the Senate a bill that would take Wilkes county out of the Seventh Congressional district and restore it to the Eighth, the scheme behind the attempted legislation being alleged to be to upset the political complexion of the two districts and restore the Eighth to the Republican column.

It is charged to be a "sneak bill." It was introduced by Representative Linville Bumgarner, of Wilkes county, and the House passed it without reading it on the assurance, it is said, of Mr. Bumgarner that it was purely a local bill affecting his county.

**Senator Daniel Found It.**

Senator Daniel, of Halifax, was running through the bills for the Senate calendar tonight and found it. Its title is, "A bill to be entitled an act relative to Wilkes county to repeal Chapter 593, Public Laws of 1913, etc." Chapter 593 is relative to the board of county commissioners of Wilkes, and allowances for clerk hire by the commissioners.

There is another section to the bill that proceeds to specify that the section of the law as to Congressional districts that puts Wilkes county in the Seventh district be amended so as to restore Wilkes to the Eighth district.

Leaders of the Democratic side of the House declared that they will call Representative Bumgarner to account tomorrow morning for this piece of attempted legislation. Mr. Bumgarner's friends insist that they do not believe he knew of this feature of the bill and hint that he has been duped as well as his Democratic colleagues. It is known that the bill was sent to him from Wilkes to be introduced.

**Amending Constitution.**

The House Judiciary Committee spent a couple of hours tonight considering the fifth proposal for amending the Constitution, this being the section that would relieve the Legislature of the great mass of private and local legislation that now so clogs consideration of public State-wide business.

The House had found it impossible to get together in committee of the whole as to numbers of its features and the proposal had been turned over to the Judiciary Committee for changes that might bring harmony. The committee amended so the Legislature would take action as to local matters like highways that cross county lines, and ferries and bridges between counties, and such like, and adjusted another section so that the General Assembly may at any time repeal its local, private and special laws, the word "Its" being inserted to make it clear that ordinances and regulations by local bodies would not be interfered with in this way. As amended the Judiciary Committee voted to report the proposal favorable, there being no opposition to this course.

**Pender Must Build Fence.**

The action of the Legislature in applying stock law to Sampson county is believed to be the beginning of the end of "free range" in Eastern Carolina, and over the whole State, for that matter. The courts have ruled that the adjacent "free range" counties and not the "stock law" township or county, must provide the fencing about stock law territory. This means that in making Sampson county "stock law" territory, Pender and other adjacent territory, still having "free range," must do the fencing against Sampson. This condition brought today a bill from Representative Hawes, of Pender, for a stock law election in this county and other counties are to follow suit.

**Salaries of Representatives.**

The House today disposed of the matter of salaries for members of the General Assembly by adopting the Dowd amendment giving members $6 per diem, the presiding officers $8 per diem, and allowing 10 cents for mileage each way. New bills were introduced and other matters disposed of by the House.

Speaker Murphy called the House to order at 10 o'clock. Prayer was offered by Dr. T. W. O'Kelly, pastor of the First Baptist church.

Notable new bills were: Woodward: To establish county court for Wilson county; Page, establish Vass graded school in Moore county; McPhail, establish Richmond county court; Foy, allow commissioners of Burgaw to call election for funds; McMillan, to provide for rural policemen in Robeson; Mr. Young, relative to Harnett county stock law; Clark, to provide for working of public roads in Pitt; Witherspoon, make public drunkenness a misdemeanor in Scotland; Martin, of Cumberland, restore office of standard-keeper in Cumberland; Bellamy, pay W. J. Benton pensions due him; Page, validate bond election Aberdeen school district; Boney, allow voters of Duplin county to vote on stock law; Cofield, amend charter of Ellenboro; Bellamy, allow vote in Brunswick county on school law; Koonce, amend court law.

Dowd: Resolution asking for information from the commissioners of agriculture and the president of the A. & M. College with regard to co-operation, the amount of money saved to the

(Continued on Page Eight.)

# SENATORS ADMINISTER THIRD SHUT-OUT TO ATHLETICS

### Two Recruits, Bentley and Bohen, Allowed Three Hits Each

## NAPS DEFEATED THE TIGERS

**Vean Gregg Again Turned the Tide for the Naps, Holding Detroit Tigers to Just Four Scattered Hits.**

The Washington Senators made it three shutouts against the Philadelphia American League champions yesterday by blanking them in the final game, one to nothing. Connie Mack has had none but second string men in the series, Strunck, as a pinch hitter, being the only one of the old line players whose names have figured in the line-up.

Two recruits were in the box for the respective teams, and each one held the opposition to three hits throughout the game. Bohen, a new man with the Mack clan, pitched a splendid game, and Bentley, one of Clarke Griffith's youngsters, twirled also an airtight game for the Nationals.

Vean Gregg was on the mound for the Cleveland Naps, and guiding them with his strong arm, brought home a victory over the Detroit Tigers by a count of eight to one, holding the locals to four scattered hits. The Cleveland southpaw held the Tigers runless until the final inning when they managed to get one tally across.

Today the final series of the season begins at Washington with the Boston Red Sox, and at Philadelphia with the New York Yankees. Tomorrow the last stands begin at Detroit with the Chicago White Sox, and at Cleveland with the St. Louis Browns.

**Two Recruits Starred.**

Washington, October 1.—Washington made it three straight shutouts by winning from Philadelphia today 1 to 0. Again the champions played none but second string men. Bohen, one of Connie Mack's youngsters, was in the box and pitched a splendid game. Bentley, a Washington recruit, pitched almost as good ball as his opponent.

| | | | |
|---|---|---|---|
| Philadelphia | 000 000 000 | 0 | 3 1 |
| Washington | 000 000 01* | 1 | 3 1 |

Bohen and McAvoy; Bentley, Gallia and Ainsmith. Time 1:25. Umpires, Dineen and Connolly.

**Naps Game Back.**

Detroit, October 1.—Vean Gregg held Detroit to four scattered hits today and Cleveland continued their fight for second place and won 8 to 1. The Cleveland southpaw blanked the Tigers until the ninth.

| | | | |
|---|---|---|---|
| Cleveland | 100 030 022 | 8 | 13 3 |
| Detroit | 000 000 001 | 1 | 4 2 |

Gregg and O'Neil; Comstock, House and Gibson. Time 1:47. Umpires, Ferguson and O'Loughlin.

### CAPE FEAR CANALIZATION.

**Few People Realize the Meaning and Importance of Government Work.**

Yesterday's Charlotte Observer says:

"The Wilmington Star tells us that the canalization of the Cape Fear river proper will be done between King's Bluff, in Bladen county, and Fayetteville, since an eight-foot channel already extends 39 miles above Wilmington. From King's Bluff to Wilmington it is only a matter of dredging it to secure even a greater depth than that called for all the way to Fayetteville—an eight-foot channel at mean low water, that is to be secured by locks and dams now under construction by the government. As a matter of fact, ocean steamships can go many miles above Wilmington, and those who take the trouble to look from the windows of the trains crossing at the Navassa guano factory, five miles above the city, can see steamships that bring cargoes for that factory from European and South American ports. Ocean steamers also discharge their cargoes at the factories on the Northeast river, two miles above Wilmington, while ocean schooners tow 25 miles up the Northeast to take on cargoes of lumber and shingles near Rocky Point, in Pender county.

"The Star quite correctly observes that few people realize the meaning and importance of the eight-foot channel to the wharves at Fayetteville. It will not only make an easier channel and quicker trips for the end-wheel steamers now plying on the river, but it will mean a passage for propeller boats of light draft that may tow barges of large tonnage from New York and other ports. The possibilities for Fayetteville as an interior distributing point are only limited to the extent to which that upper Cape Fear port may utilize its opportunity for becoming a water distributing point for a large territory that should get the benefit. The Star would like to see North Carolina's eyes get as big as the moon over her opportunity to get the most out of the great Cape Fear water system. The State can get a 40-foot bar and all the channel she wants by deciding that she needs it and is going to have it. If North Carolina realizes it she will scout all propositions to delay the day that she will have a port that will draw commerce from other States, instead of shipping her own products through the ports of other States."

## "Rest Cure" For Bender and Plank

Clinching the pennant last week, the wily Connie Mack began to coddle his two veterans, on whom rest the hopes of Philadelphia in the big battle. Bearing the brunt of the fight during the American League race, with a lot of fighty youngsters ready to crack and scurry to cover at the first sign of danger, Plank and Bender have had their full share of work to do to win another flag.

The Indian has not been so active in three years, while the southpaw, taking care of more than his share over the first half of the campaign, broke under the strain, and was forced to ease up. Both will have had two full weeks of rest, working only as the spirit moves, by the time the opening gun is fired in the championship series.

With his main battery primed for the struggle, Mack has a string of colts to swing in on the odd games. Any one of these young twirlers, untried in post-season games and of doubtful value in a pinch, is likely to come through to the heroship that was "Babe" Adams' in 1909. Then, again, they may be useless.

Houck, Brown and Bush have seen the most service this season, with Shawkey pitching a few good games since he joined the Athletics, coming from Baltimore during the Summer. Wyckoff and Pennock have accomplished little.

## COBB VS. JACKSON

While losing a point himself in yesterday's game, Ty Cobb nevertheless added one point to his lead over Joe Jackson. The Georgia Peach had a record for the day of one hit out of four attempts, while Sockless Joe went hitless through five attempts.

**Standing to Date.**

| | AB | H | Ave. |
|---|---|---|---|
| Cobb | 423 | 165 | .390 |
| Jackson | 521 | 192 | .369 |

### THIS YEAR'S BUSINESS.

**Not Up to Last Yeaar's Mark for First Nine Months' Sales.**

New York, Oct. 1.—Business on the stock exchange for the nine months of the calendar year ending yesterday showed a marked falling off in comparison with the corresponding period of 1912, despite the greater activity, and general price advances, of the last few weeks.

At the close of yesterday's session a total of approximately $65,000,000 shares was recorded for the first three quarters of the year, while bond sales aggregated about $96,000,000. These totals represent a decrease of about bonds, compared with the same period last year.

To an extent these figures are considered misleading, for the reason that under the policy of reform inaugurated by the exchange early in the year, daily operations of the past few months are believed to represent more actual business than was transacted in former years.

Brokers view the outlook as more hopeful than some months ago.

Albany, N. Y., Oct. 1.—Stock transfers in New York fell off almost one-third in the fiscal year just ended. A year ago the stock transfer tax for the previous year was $3,653,037. This year's report showed collections of only $2,927,154.

### GETTING INTO SHAPE.

**Mack Starts Getting His Pennant Winners in World-Series Shape.**

Philadelphia, Oct. 1.—Connie Mack, manager of the Athletics, returned tonight with his Cub players, who have been used in the series just completed against Washington, and tomorrow the American League champions will start the final games of their regular schedule with New York. Mack likely will present his strongest line up that team work may be perfected for the world's series next week.

The first string of players of the Athletics have been allowed to take things easy since they cinched the pennant. They were expected to start a course of training today that would put them on edge for the opening game with the New York Giants Tuesday, but rain fell in almost a continuous downpour, and prevented them from practicing at Shibe Park.

The National League season for this city ended today. The hard rain necessitated calling off the final game, which was scheduled to be played against Brooklyn.

### RACES POSTPONED.

**Heavy Track Cause of Leading Events Being Delayed.**

Columbus, O., Oct. 1.—Drenched by rain Tuesday night, the Columbus Grand Circuit track was not made safe for racing this afternoon until 3 o'clock when abbreviated programme of class events was taken up. The Buckeye $5,000 stake for trotters was postponed until tomorrow. Only one of three races started was finished, Bismya winning the 2:20 trot. Fay Richmond, after getting two heats of the 2:13 pace was nosed out of the third by Princess Margaret, the favorite. This race, like the 2:10 pace, in which different horses won each of three heats decided, will be completed tomorrow.

## ∴ STANDING OF THE TEAMS ∴

**AMERICAN LEAGUE**

| | Won | Lost | P.C |
|---|---|---|---|
| Philadelphia | 95 | 55 | .633 |
| Washington | 88 | 63 | .583 |
| Cleveland | 84 | 65 | .564 |
| Boston | 78 | 69 | .531 |
| Chicago | 77 | 72 | .517 |
| Detroit | 64 | 86 | .427 |
| St. Louis | 56 | 94 | .373 |
| New York | 55 | 93 | .372 |

**NATIONAL LEAGUE**

| | Won | Lost | P.C |
|---|---|---|---|
| New York | 97 | 50 | .660 |
| Philadelphia | 87 | 59 | .590 |
| Chicago | 86 | 65 | .570 |
| Pittsburgh | 78 | 69 | .531 |
| Boston | 67 | 82 | .450 |

### RESULTS YESTERDAY

At Washington 1; Philadelphia 0.
At Detroit 1; Cleveland 8.
At New York-Boston, rain.
At Philadelphia-Brooklyn, rain.

### WHERE THEY PLAY TODAY

Boston at Washington.
Cleveland at Detroit.
New York at Philadelphia.
Philadelphia at New York (3).
Brooklyn at Boston (2).

### WHICH COMMANDER WILL PROVE THE BETTER?

Mack and McGraw are almost exactly opposite types, being alike only in that both are masters of their special line.

Mack is tall, thin, angular, and decidedly repressed. McGraw is short, heavy set, alert, aggressive. Mack is the general who directs from his tent—the players' bench. McGraw is the commander who leads in person upon the firing line at first or third.

Mack leaves much of his battle plan to his club—to Collins, Barry, Mc Innis, etc. McGraw maps out his plan and directs every play, taking full responsibility for its success or failure. The field for him is a chessboard, and whether his men are pawns, knights, castles or kings, it is he who moves them and directs their march.

It is not for any man to say which is the greatest manager when each is just breaking a world record by winning five pennants in one city; where both have built up winners only to see them break and fade, and upon the wrecks of these machines have built up other winners from the raw material of the bunch.

## BETTING ON WORLD SERIES OFFER BIG ODDS ON LOCALS

### Ten to Six on Home Club Is Offered in New York and Philadelphia

## MANY FREAK WAGERS UP

**Two to One That Bender Does Not Win One Game and Seven to Five That Matty Does Not Win One Game.**

New York, Oct. 1.—Betting on the outcome of the world's series baseball games, which open in New York October 7th, started at 10 to 6. It mattered not whether the odds were wanted on Philadelphia or New York, 10 to 6 were the figures. That is if the bettor happened to be in Philadelphia when the National Commission announced the date for the opening game, there was money to place on the Athletics at 10 to 6; if he happened to be in New York the odds were 10 to 6 that the Giants would win.

Hence the unusual situation prevailed that bettors in both cities were willing to give odds on their home teams. This situation obtained for several days until Larry Doyle, captain of the Giants, was injured in an automobile accident and center fielder Snodgrass strained a tendon in his leg. Reports that Doyle and Snodgrass might be unable to play in the series were instantly reflected and bettors in New York were unwilling to risk more than even money on their team in the face of these reports.

By far the greatest amount of money placed in the first few days after the opening date was announced was waged in so-called freak bets. There was no end of these. Reports from Chicago were that a bet could be had on anything pertaining to the games, and the following were quoted as some of the odds given on bets made there:

Even money on the Giants and Athletics.

Two to one that Bender does not win one game.

Four to one that Bender does not win two games.

Seven to five that Mathewson does not win one game.

Three to one that Mathewson does not win two games.

Twenty-five to one that the series goes over four games.

Two to one that the series does not go seven games.

One hundred to one that the Giants do not win four straight.

One hundred to one that the Athletics do not win four straight.

In New York one bet was recorded, at odds of four to five, that Mathewson would pitch the first game. Another bet was reported at even money that Demaree would win his first game. A third bet was that the series would go six games. This bet was also at even money. One Giant enthusiast offered one to four that the Giants would win the first three games but found no takers.

Infinite were the variations on which the early bettors laid their money. One man bet even money that the Athletics would make more runs during the total games than the Giants would. Another offered even money that the Athletics would lead in hitting.

In both New York and Philadelphia the usual plaint was heard that plenty of money was being offered on the home team without takers.

Indianapolis, Oct. 1.—The Pittsburg Nationals won an exhibition game from the Indianapolis team here today, score 9 to 5. O'Toole and Robinson were opposed by Merz and Schard doing twirling honors for Indianapolis, and the hits were 13 and 12 respectively, eight errors marring the exhibition of the locals.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## Better Control By Marquard

Rube Marquard, who lost an argument to Plank in the series of 1911, even though he allowed the Athletics only four hits, and who twice defeated the Boston Red Sox last Fall, will be an important adjunct to the New York staff next week. Time and experience are mellowing the Rube, and he is giving more attention to control and less to strike-outs, thus following the example of his famous partner. In 1911 he blossomed forth in all his glory and led the pitchers of the National League. That year he had 237 strike-outs to his credit, compared to 154 this year, but he also had 106 bases on balls to only 47 this season.

Marquard did not report for the Spring training at Marlin, and was not in condition to start the season. But once underway he came along so rapidly that he will turn in just about as good a card as he had last season, the year of his famous 19 straight. Pitching in four less games, the Rube has allowed 40 less hits than he did over the campaign a year ago, when he was supposed to be at the top of his stride. He has shown excellent form during the last two months, winning nine out of 14 games pitched. It would be no surprise if he was McGraw's most effective pitcher against the Athletics. He no longer suffers from the nervousness that kept him a harmless spectator on the bench for three years after the New York club had paid $11,000 for his services.

### SUPREME COURT OPINIONS.

**Number of Cases Decided Yesterday in Regular Weekly Delivery.**

(Special Star Telegram.)

Raleigh, N. C., Oct. 1.—Among a list of opinions handed down by the Supreme Court this afternoon was one affirming the decision of the lower court, allowing the city of Raleigh to sell the sidewalks around the old city market, this meaning that the sale of this old building will now be confirmed.

Opinions handed down are as follows: Holt vs. Wellons, Johnston, no error; Bird vs. Lumber Co., Wayne, no error; State and Morehead City vs. A. & N. C. Railroad, et al, Carteret, no error; Anderson vs. Harrington, Craven, no error; Holmes vs. Carr, Greene, no error; McKeene vs. Holloman, Greene, no error; O'Hagan vs. Johnson, Pitt, affirmed; Daniels vs. Dixon, Pitt, reversed; Barker vs. Insurance Co., Carteret, new trial; Davenport vs. Commissioners, Pitt, affirmed, and action dismissed; Smith vs. A. C. L. Railroad Co., Pitt, no error; City of Raleigh vs. Durfey, Wake, affirmed; Pritchard vs. Hughes, Camden, affirmed; Builders' Supply Co. vs. Metal Roofing Co., Mecklenburg, petition of defendant to re-hear dismissed; Woods vs. Norfolk Southern Railroad Co., Wake, docketed and dismissed under Rule 17; Faucette vs. Carolina Power & Light Co., Wake, docketed and dismissed under Rule 17.

### BURLESON POSTPONES DATE.

**Of Abolishing Bristol, Va., Postoffice Still Considering Question.**

Washington, Oct. 1.—The Bristol-Virginia-Tennessee postoffice controversy is still unsettled. Several weeks ago, Postmaster General Burleson issued an order to be effective September 30th, abolishing the Bristol, Va., postoffice and consolidating it with the Bristol, Tenn., office, located on the opposite side of the street. The order was issued in the interest of economy and efficiency, it was announced at the time.

Strong pressure was brought to bear upon Postmaster General Burleson and the President to have the office on the Virgina side of the line. Today it was announced that the effective date of the order abolishing the office had been postponed, for a time, to afford further opportunity for consideration of the question. Senators Martin and Swanson, of Virginia, are working vigorously to retain the office on the Virginia side.

### THE WORLD SERIES CELEBRITIES.

(No. 4—Plank vs. Marquard.)

Plank is the best southpaw in the American League. Marquard is the ranking left-hander of the National organization. The fans, the best of both leagues, are sitting up nights in frantic anticipation of the day whenever the twain shall meet.

For that coming October afternoon appears a bit hazy in our imagination, hazy with flying fur as we see those valiant Southern paws slashing 'round and 'round and back and forth in the sunlight.

It will be a battle of youngsters against veteran, the long against the short, youth against experience.

On one side we see Eddie Plank, a "grand old man"—veteran of Gettysburg and some thirty-eight years of age—soon to be thirty-nine, with thirteen consecutive, successful seasons with the Athletics, toiling silently and seriously.

On the other side dazzles "Rube," the brilliant—some fourteen years younger in age and some eight years in experience, oft times erratic, but always brilliant, toiling determinedly, yet smilingly, as he unwraps that pliant arm from around his wry neck and abruptly shoots 'em across.

They met once before—two years ago—and the veteran won. But this time, well, we shall see, but it does look like a big day for we fans—and a bum day for ye left-hand batters.

### SCHMIDT MAY BE INSANE.

**Examined Yesterday as to Sanity—To be Examined Again Friday.**

New York, Oct. 1.—Disheveled, unkempt, without collar or tie, Hans Schmidt, the confessed murderer of Anna Aumuller, was taken from his cell in the Tombs prison today for an examination as to his sanity, conducted by four alienists in the office of District Attorney Whitman.

Another exmaination will be held Friday after the coroner's inquest into the death of Anna Aumuller. On the report the alienists will make to the district attorney will depend the course to be taken in the prosecution of Schmidt.

**Charged With Embezzlement.**

Charged with having embezzled a considerable sum of money from the Sterchi-Bancroft-Rich furniture Co., while acting as collector for them, H. L. Shaw was arrested yesterday afternoon by Deputy Sheriff Kelly on a warrant issued by Mr. E. Bancroft before Justice Harriss. In default of bond he was committed to jail, and will have a hearing today before Justice Harriss. Shaw's home is in Whiteville where he has a family.

—George Harriss, Fred Mitchell and Augusta Waddell, all colored boys, were arrested last night by the police on warrants sworn out by Officer B. W. Jacobs, charging them with being a nuisance. It is alleged that they interfered with school children on their way to school.

—Buck Smith, colored, was arrested last night by Officers B. W. Jacobs and Frank George on a charge of striking Willie McLeod, also colored. He was locked up, and will be tried this morning.

Pomfret, Conn., Oct. 1.—Miss Eleanor Goodrich Campbell, daughter of Rear Admiral Caspar Goodrich, U. S. N., retired, and Captain Charles Thompson Davis, of the British army, India division, were married today at the Goodrich home, here.

The Remington Cubs find a slide action handy for the big fellows

A NEW HIGH POWER RIFLE
The Remington-UMC Slide Action Repeater

GETTING in touch with the shooting fraternity all over the country as we do, we find a very considerable number of Remington users who want a Remington slide action repeater in a *high power model*—one heavy enough for practically any type of game that is found on this continent.

The answer to this demand is the new Remington-UMC High Power Slide Action Repeating Rifle.

During the few months these rifles have been on the market, several hundred of them have been put into use. The testimony of the owners is that they are emphatically a success.

Your Remington dealer has these repeating rifles in stock or will get you one. Don't buy a high power repeater until you have seen it. It is the gun you want.

# APPROVE CURRENCY BILL

**North Carolina Bankers Suggest Only Minor Changes in Administration Currency Bill—Other Raleigh Notes.**

(Special Star Correspondence.)

Raleigh, N. C., Oct. 1.—The executive council of the North Carolina Bankers' Association, in special session here today, put the stamp of approval upon the administration currency bill now pending in the National Congress.

The resolutions adopted suggest some minor changes in the provisions of the measure. Here for the conference were President George A. Holderness, Tarboro; Thomas E. Cooper, Wilmington; J. L. Armfield, Thomasville; W. S. Blakeney, Monroe; W. A. Hunt, secretary-treasurer of the association, Henderson; E. C. Rae, Edenton; W. E. Warren, Wilson; T. A. Uzzell, Wilson; W. B. Drake, Jr., Raleigh; A. L. Davis, Burlington; C. V. Brown, Lumberton; I. C. Craven, Ramseur; C. P. McNeely, Mooresville; E. O. Anderson, Charlotte; Leake S. Covington, Rockingham.

The organization of the North Carolina commission on rural race problems was perfected here today by the appointment of the executive committee for this working body. In the conference the speakers were unanimous in the opinion that some steps should be taken to enable the white communities to protect themselves from the evils of the present wholly unregulated sandwiching of white and colored farmers in the same neighborhood, not in any spirit of hostility to the negro, but in order to give adequate protection for the rural social life. Permanent organization was effected as follows:

President, Clarence Poe, Raleigh; vice presidents, Dr. H. Q. Alexander, Mecklenburg, and S. H. Hobbs, Clinton, and J. H. Evans, Harrollsville; secretary, J. Z. Green, Marshville; treasurer, J. S. Carr, Durham. The executive committee was directed to prepare and have introduced in the Legislature a bill to create a commission to investigate the rural race problem in this State and report with recommendations to the 1915 Legislature.

Governor Craig issued a proclamation today announcing a reward of $50 for the arrest of the unknown murderer of J. R. Taylor, merchant, at his store near Greensboro on the night of September 24th. The county has offered $50 reward and relatives of the deceased have added $75 reward. The body of Taylor was found on the floor of his store on West Lee street, Greensboro, and thus far mystery completely envelops the affair.

New corporations chartered were: The Southern Brokerage Co., of Charlotte, capital $4,000 authorized and $1,500 subscribed by J. A. and P. N. Glenn and J. M. Johnson, of Charlotte. The business is to be brokerage and manufacturers' agents.

Seventh district appeals will be called in the Supreme Court next Tuesday in the following order: Wilson vs. Scarboro; Fellows vs. Durfey; Ferebee vs. Railroad; Mercantile Va. vs. Parker; Williams vs. Seaboard; City of Raleigh vs. Durfey; Moore vs. Power & Light Co.; Allen vs. Railroad & Lumber Co., (not to be argued); Powell vs. Strickland; Bank vs. Elevator Co.; Blake vs. Smith; Brewer vs. Wynne; Harvester Co., vs. Morgan.

## KILLED "CONJURE DOCTOR"

**Negro Held at Snow Hill on Charge of Murdering Caster of "Spells"**

Kinston, N. C., Oct. 1.—Prosperous negro farmers figured in two murders in this section, word of which was received here last night.

William Bizzell, well-to-do negro of Seven Springs, was the victim of a brutal killing, only meagre details of which are had. His son, William Bizzell, Jr. is held for the crime. The elder Bizzell was wealthy, and well-liked by his neighbors, while the son is considered a worthless charter, and had on a previous occasion threatened to shoot his parent. Robbery is believed to have been the motive, as about $100 which the murdered man was known to have in his pocket was missing when the body was found. The son had left home alone several hours before the father was missed, with the announced intention of accompanying friends on a shooting trip. It is believed that he secreted himself and shot the older man while the latter was fishing in a pond some distance from their home. Bizzell junior denied that he was guilty of the slaying. He is the lawful heir of his father's estate, which is considerable, but in prison he said that if he comes into possession of it he will divide with an illegitimate sister who aided in accumulating the property.

Will Newsom, colored, is in the Greene county jail at Wilson, charged with a most unusual murder. He is alleged to have killed George Taylor, another negro, both lived at Speight's Bridge. The evidence adduced before the coroner's jury was to the effect that ignorance and superstition were responsible for the crime. Taylor was between 65 and 70 years of age. Among his race in the Speight's Bridge section he was an acknowledged "conjure doctor," and he was in the opinion of Newsom, aged 35, directly responsible for ills and "spells" with which the younger man was afflicted. Newsom had frequently been heard to say that he would kill the "conjurer," who wielded a strange influence over the ignorant blacks of his neighborhood. The old man was adept at wierd incantations, and his prophecies frequently inspired awe and caused the members of his race to fear him. Once or twice Newsom threatened him to his face, and old Taylor predicted dire things would happen to the younger man. The body of Taylor was found in his cabin home after he had been killed at about midnight. Footprints around the house were easily identified as being made by the shoes Newsom wore. The white-haired darkey was shot with a rifle through a window, and the bullet passed through his heart. The alleged slayer plans that he will prove an alibi. He spent the night of the murder with friends, he said. Newsom was a spectator at the coroner's inquest, held before his arrest. When his home was visited by the officers they found a rifle which he said had not been fired in several weeks, but evidence was found in the barrel of its very recent use. Newsom is an industrious negro of good reputation. He has accumulated property to the value of $4,000 or $5,000 in the Speight's Bridge section.

The Beulah Warg Wiseman, who caused the local authorities no end of trouble last week by refusing to give up her three-year-old daughter, Dorothy, when the baby was kidnapped by her husband here, has relented, and today the little one is being taken to the home of Mrs. Wiseman's mother, at Chester, Pa., Fred Wiseman, a showman, came here from Maine, and before day Wednesday stole the child from his wife's bedroom in a boarding house where she and other employes of an attraction company were living. Wiseman, an ex-burglar, broke into the house. For 48 hours following the police were uncertain if they could arrest Wiseman because of technicalities, and on Friday afternoon the mayor ordered him to return the baby to the mother and leave the city. He went to New Bern, and much wiring and interchange of letters followed until finally the woman agreed to let him take the child back to Pennsylvania. Each contended that the other was not morally fit to keep the child. A policeman went with Mrs. Wiseman to New Bern, where she turned the baby over to the father. The party then returned to Kinston, where the woman left the train with the officer. Wiseman, banished by the mayor, kept on through to Goldsboro, and from there north. Mrs. Wiseman is here awaiting word from her mother before leaving for home or to join another show outfit.

## NEGRO KILLED BY TRAIN.

**Body So Mangled That It Could Not be Identified.**

(Special Star Telegram.)

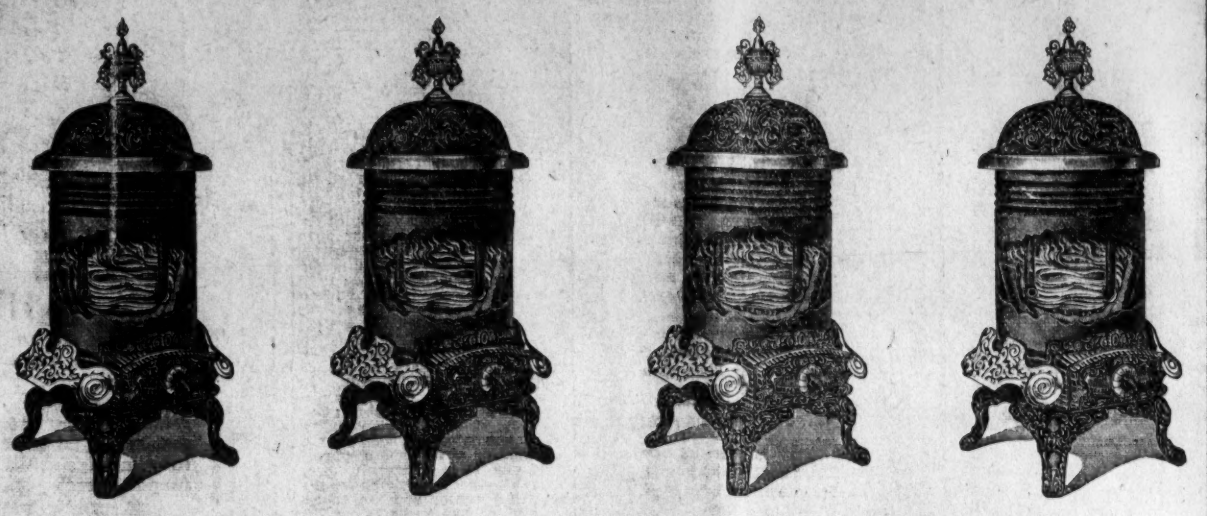
Lumberton, N. C., October 1.—Officials of the Beaufort County Lumber Company notified the sheriff this afternoon that a colored man had been found dead by their railroad track about 10 miles from Fairmont. The body was mangled beyond recognition but the man is supposed to have been employed by the company and fell from a moving train.

Toledo, Oct. 1.—The Toledo team defeated the Chicago Nationals here today 6 to 1. Stack and Watson for the Cubs and Collamore and DeVogt for Toledo. The hits were seven and nine respectively, five glaring errors by the Cubs figuring in the score.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

# A Remarkable Guarantee

—ON—



# Vortex Original Hot Blasts

1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
2—That the Original Vortex Hot Blast will use less hard coal for heating a given space than any base-burner made with the same size fire pot.
3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
4—That the stove will hold fire with soft coal from Saturday night until Monday morning without attention.
5—A uniform heat, day and night, with soft coal, hard coal or lignite.
6—That every stove will remain absolutely air-tight as long as used.
7—That the feed door is, and will remain, smoke- and dust-proof.
8—That the anti-puffing draft prevents puffing.

Saves You $16 to $25 in Fuel Each Year. Can Burn Wood as Well as Hard and Soft Coal. We sell the 4 sizes. Made in 2 Styles.

## Boils Are a Bad Indication

**No Time Should be Lost in Purifying Your Blood.**

At the first appearance of pimples and boils the blood should be given a good searching internal bath with S. S. S. the greatest blood purifier known to man.

This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach. In a very brief time S. S. S. has the reconstructive process so under control that all eruptive places heal.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 212 Swift Bldg., Atlanta, Ga.

When It Comes to Using

# ICE

## The Independent Ice Company

without doubt offers in all respects the best Ice to be had in this market.

The water used is drawn from deep wells and is clear, pure and cold; it is distilled and double filtered, then reboiled making it absolutely pure.

It is then frozen at a very low temperature making Ice of the highest sanitary quality.

The best authorities on analytical chemistry prove our claim that no purer Ice than ours can be made.

Our Ice cuts clear and sure thus avoiding the waste in using so noticeable in other makes of Ice; therefore, careful and discriminating consumers will make no mistake in calling for our Ice on the grounds of purity, economy and general satisfaction.

Our delivery service is of the highest efficiency, combining certainty with celerity—early and late, and all the time on the job.

Our increasing sales prove in the most conclusive manner that we are serving the public with the real stuff.

Very truly yours for good, hot weather,

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

**THE MORNING STAR**, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

**THE SUNDAY STAR**, by mail, one year $1; six months, 50 cents; three months, 25 cents.

**ADVERTISING RATES** may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

**TELEPHONES:** Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

**COMMUNICATIONS**, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

**ALL DRAFTS**, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to, THE WILMINGTON STAR CO.

Thursday, October 2, 1913.

Get power and authority and you will have a following so long as you have either.

The Mexican problem seems destined to send everybody to the foot of the class.

We can't see that they could be any prettier—either styles or those who keep up with them.

Sixteen counties will show canned products at the South Carolina State fair to be held this Fall.

Even the poles are said by the scientists to be on the move. Nothing seems to be shiftless these days.

The old fashioned gentleman can see the sarcasm of nature when mint insists on growing wild in dry territory.

If Roosevelt had been able to handle Congress like Wilson has done, Teddy would have insisted upon calling it "My Congress."

Evelyn ought to hate to take money for writing a story of her life. The closing chapter should be draped with the veil of charity.

Senator Sutherland predicts that "the country will turn to Roosevelt in 1916." We will turn to rubber when the country turns to Roosevelt.

The mayor of Richmond fined a girl $50 for wearing a short dress. He would have to put most girls in jail for being too short to pay the fine.

A citizen's license to kick should be based on the fact that he pays his poll tax, votes in all elections and doesn't leave his wife at home by herself.

Richmond doesn't know where the laugh comes in. She furnished a sensation by arresting a girl for dressing in the height of fashion and then turned right around and pulled off a "fall fashion week."

Statesmen's ideas of each other is that the country would be better off if they would go in their hole and pull the hole in after them. That's the reason they are always trying to put each other in a hole.

Governor Craig, the Good Roads Governor, calls upon every able-bodied man to turn out and work the roads on Good Roads Day. However, the Governor does not mean that anybody should attempt to "work" both sides of a road.

Southern States and Southern cities are quick to claim that they were the first to do this or that big thing. It would look better to brag about what they are doing now. We have retrograded if we have quit taking the lead. There should be no such thing as going back instead of going forward.

If you are living in a so-called "pauper county", find out right away why it is a pauper county. A county that is not sustaining itself and contributing its share to keep up the State government needs to make a hurried survey of itself. It is not making progress if it is a load on the State. When a county is drawing more from the State treasury than it pays in, it is a sign that it should join the prosperous counties in the progressive movements that have made them the pillars of the State. Counties which haven't good schools and good roads should put this in their pipe and smoke it till it rattles in the bowl of the pipe.

Probably the farmers' wives can tell what should be done to make them happy and contented. Farmers' wives know what is needed, but what they want to know is who is going to foot the bill for what is needed to enable them to lead contented or happy lives. When a woman's children begin to grow up around her, she wants to move to town. Her decision is a bad sign for the community. It is a sign that it lacks good schools, good roads, and good churches, all of which a community should have if it is a fit place to raise a family. If a community is progressive its people won't move away, but other people will come to it to stay. It is the non-progressive communities and counties that are losing out.

Graham Crackers are wholesome. They are nourishing. They are palatable and appetizing. Just ask your grocer for a package of

NATIONAL BISCUIT COMPANY

GRAHAM CRACKERS

and find out how good they are. Give them to the children—they can't get enough of them. Keep a few packages on the pantry shelf for daily use. Always look for the In-er-seal Trade Mark.

10c

## IMMIGRANT TIDE SOUTH.

With immigrant ships now landing at both New Orleans and Galveston, it is believed that the tide of immigration has set in to the South. The big steamship companies in Europe for the first time are to run regular lines of steamers to New Orleans, and the probability is that the Louisiana city will become the Southern distributing point for immigrants, as New York has heretofore been for the entire country. Announcement that part of the tide of immigration is to be turned by the big steamship companies to New Orleans causes the Mobile Register to suggest the wisdom of making provisions to get the new-comers into the interior where they can help as developers and laborers and become land owners. Says the Register:

"If no arrangements are made to get these foreigners out to the land, and they start a foreign quarter in New Orleans similar to that in New York, it will be a grave menace to the health of the city of New Orleans and the State of Louisiana. Climatic conditions in the South make it necessary for closer supervision than in the North of settlements of the sort. Right now New Orleons is engaged seriously with the Chinese settlement in the heart of the city, filth and unsanitary conditions being extreme among the Celestial houses and shops."

It is not without reason to presume that New Orleans' foreign population will greatly increase on account of immigration, just as has been the case with New York. However, the New Orleans States does not believe any great number will remain there and build up a foreign quarter. Immigrants have landed there in the past, but the States says the percentage which remained in the city is small. They used it as a port of entrance, and distributed over the South and West, principally in the Southwest.

With reference to the class of new people who are to be brought South, our esteemed New Orleans contemporary is optimistic. It considers that the decision of the North German Lloyd Company to send its steamers directly to New Orleans, and the probability that other lines will follow, means only an acceleration of the volume of home-seekers of a good class. The North German Lloyd people are supposed to bring people from northern Europe and as a general thing they are desirable and will become industrious, law-abiding citizens. Any other class would mean that this new movement of immigrants direct to the South, is going to impose upon it a problem that it has not heretofore had to deal with.

An intelligent Northern friend says the South need not fear an influx of new-comers, for they will find such opportunities here that they will soon become good settlers. He says if the immigration port all these years had been South instead of North, the center of population, instead of being in Indiana, would have been about Alabama or Tennessee. Now that it appears that the Southern ports are to handle immigrants direct, The Star will say that the Mobile Register is correct in its idea that we should prepare for their settlement in the interior. The Star already suggested that some time ago, and it is time that settlement plans were being adopted so there will be no congestion at New Orleans or in the States in that immediate vicinity.

## THE NEW TARIFF ACT.

With the tariff bill practically adopted and long ago discounted as a disturbing factor in trade, the business of the country is going right along and prospering on the corresponding basis of the cuts in the duties. However, the cotton manufacturers made too big a discount and lowered prices too much, but during the past few days the price of cotton goods has advanced to a point warranted by the Underwood-Simmons tariff. Business is rapidly adjusting itself to the new conditions, and commercial centers report generally increased trade over last years. With reference to the new revenue law and its effect upon business, the Philadelphia Record (Dem.) says:

"The tariff bill about to become a law was prepared and carried through Congress solely as a measure to raise public revenue. Congress has no right to levy taxes for any other purpose. It has no right to impose a tax because it will benefit a man, a class or a section. It has no right to consider anything except the simplest, easiest and fairest way of raising a sum of money needed to defray the public expenses. Yet this bill is, of course, not an absolute revenue tariff measure. It is not such a bill as would have been passed if a fiscal system were being devised de novo. Any considerable change of tariff must affect existing business, and responsible statesmen must effect existing business as little as possible.

"Some individuals may be injured by a lowering of their rate of protection. Possibly this may be true of some industries, and in the case of sugar it may have an effect upon a section—Louisiana, for example. Yet we have watched the organs of the several trades for the past six months without finding many evidences of alarm. The two industries which more than others have been dependent upon the bounty of the tariff are iron and wool. The great steel concerns have at no time pretended that their prosperity was at stake. They have shown the very slightest interest in the tariff. The woolen manufacturers have reduced prices to meet foreign competition, but they have shown little or no sign of distress. Their sales of fine dress goods are now much larger than they were a year ago, and free wool will be a great benefit to them and will probably make the export of woolens as well as the increase of the domestic trade practicable for them."

Senator Simmons estimates that the new act will produce $15,000,000 to $18,000,000 more revenue than the present Payne-Aldrich law, so that the government will be better off, while there should be gradual relief for the people from the burdens heretofore heaped upon them for the benefit of the privileged classes. It will reduce the burden of taxation, and sooner or later the great mass of people will realize that the Democratic Congress has legislated for the people instead of for the protected few.

## GREAT STATE FAIR.

The Star hopes the State fair to be held at Raleigh October 20th to 25th will be the greatest ever held by the North Carolina Agricultural Society. That is what the management aims that it shall be, and the probability is that not only will the exhibits far exceed those of former fairs, but that the attendance will be the largest that ever gathered in Raleigh to see North Carolina resources on exhibition.

Secretary Jos. E. Pogue, of the North Carolina Agricultural Society, writes us that all the indications point to what we have said. It is particularly gratifying to note that there will be a special exhibit of live stock, in view of the possibilities in North Carolina for cattle and stock raising. For the live stock exhibit three new buildings have been erected. They are each 65x150 feet and were completed this year, thus ensuring adequate accommodations for cattle, horses, sheep, swine and other stock.

Secretary Pogue announces that already there is indication that 600 head of live stock will be entered for exhibition, and he says: "There is great opportunity for stock raising in this State, and it is earnestly hoped that our farmers and breeders will look over these exhibits carefully." He gives assurance also that there will be tremendous displays of horticultural and farm products, corn, cotton, wheat, rye, tobacco, peanuts and such other crops as are peculiarly adapted to this State of great agricultural diversity. The exhibit also will include all kinds of farm machinery and implements, labor saving devices, etc.

Many counties will make exhibits and some of the towns will make collective displays. The Star used to urge that the State fair develop into an exposition for displays by the counties, and we are glad to note that some of the more enterprising counties are going to take advantage of this great fair to secure publicity for their resources and opportunities.

The fair grounds will be more ample this year than ever, since 18 acres of new ground have been added, with a new entrance and roadway. This will provide ample parking for vehicles and automobiles, so that there will be no congestion at any time. With a "better babies" contest under the auspices of the State Board of Health, fine music, balloon ascensions, amusements of various kinds, and displays on four nights by the Paine Fireworks Company, it can be realized that Raleigh's visitors during the State Fair will have the time of their lives.

## FINE SOUTHERN GOODS.

Heretofore, Southern cotton mills have confined their manufactures to the coarse and cheaper quality of loom products, but the Charlotte Observer tells us that there is now a disposition to branch out into the finer lines. Our esteemed contemporary says the Avon mill at Gastonia is making a success with fine goods. The mill has skilled operatives and an enterprising management and The Observer mentions specially a beautiful Summer fabric which is "more durable and is prettier than the ratine which has had such a run during the past year."

Many Southern mills are now turning out a beautiful line of dress goods. Among them is the Delgado Mills, of Wilmington. Most people would be surprised at the numerous designs and variety of piece goods made right here in Wilmington. All the South needs is designers, and judging from the fine work of the students in the textile department of the North Carolina College of Agriculture and Mechanic Arts, that institution soon will be able to supply the North Carolina mills with designing talent that will vastly improve the lines of manufacture in this State.

## TRAFFIC REGULATIONS.

New York is alarmed over the wholesale slaughter of human beings by automobiles, no less than half a dozen fatalities having occurred Saturday on its streets and boulevards. In Wilmington, Chief of Police Williams is doing exceptionally good work in maintaining as far as possible the city traffic regulations and the State law, making for the safe and sane operation of automobiles over the public streets. This is well and commendable. No one likes to be haled to court; no one likes to pay. Constant vigilance and a close application of the law as recommended so strongly by the Secretary of State will make for the improvement of conditions that are admittedly hazardous. Strength to the arm of Chief Williams and the "choo-choo" motorcycle man who is always on the job!

Says the Washington Post: "Representative Gardner says he is fighting the old system. Does he mean his own old system or some other fellow's?" What was he doing years ago when any old system was tolerated?

Big business now has to shift for itself like little business has always had to do. If that isn't right, why not?

If Turkey has to fight again it can be said she has everything to fight for and nothing to lose.

The self-made man should always be careful with himself so he can't be blamed for making himself.

Domestic science? Oh, yes, that's the science that men think women should tackle.

## CURRENT COMMENT.

Governor Craig and Governor Blease are to meet at King's Mountain. Seems to us there was another big event there 133 years ago.—Charlotte Chronicle.

The people who have been wondering where all the money comes from that is invested in automobiles in North Carolina can find some light in the statement of Rev. A. D. Stringfield, of the State Anti-Saloon League. Mr. Stringfield says that we are consuming only about three million gallons of liquor annually in the State against twenty million before prohibition went into effect in 1908. This means, at $2 per gallon, says Mr. Stringfield, that we are saving $34,000,000 which was formerly expended for liquor; that where we once spent $21 for alcoholic drinks we now spend $1. Some of this $34,000,000 saved has been put in automobiles. See? Judge Frank Carter might mention that in his charge to the grand juries.—Greensboro Record.

The fight for the passage of a bill to cover the State of North Carolina by the no-fence, or stock law, is going to be one of the most interesting fought out in Raleigh in years. The section south and east of the Atlantic Coast Line is concerned the most directly, the fight being particularly active in Sampson, Brunswick and Pender. The Wilmington Star says the trains from that section for Raleigh were crowded with "rooters" for and against the enactment of the law and that fully 1,000 men will be in Raleigh to pull the Legislature this way and that. The advocates of the law are having a strong ally in the United States government, which, through its Department of Agriculture is trying to free North Carolina from the cattle tick. The chances are that the stock law people will win, as they should do.—Charlotte Observer.

Next Sunday afternoon will be marked by one of the most active and speedy canvasses of Raleigh ever made in the South, for in two hours' time something like 300 workers are to ascertain the persons who are in Sunday Schools and also those who are not. Many cities have done this work, St. Louis quite recently putting several thousand men and women in the field and taking the census in two hours' time. The work everywhere adds greatly to the Sunday School attendance. There is a snap about a canvass like this which shows that there is a high purpose in it. Men and women would not do such work unless it had a meaning, and so it will impress both parents and children, for parents need to be impressed equally with children as to the importance of the Sunday School. How hard we work, how earnestly we strive to excel in percentage of attendance at the public schools. Let's get at the Sunday School attendance in the same way.—Raleigh Times.

"'The talk' that means agitation, as well as the acrimonious talk that means contentiousness or criticism, means that a city hasn't got the dry rot. In fact, isn't there more of it and more agitation of all kinds as a city grows larger and its larger interests clash occasionally?" asks the Wilmington Star. The Star says "the Daily News must not believe for a moment that Wilmington is doing nothing but 'talk'. Wilmington can talk and go ahead while she is doing it. Her commerce pushes the $65,000,000 point year in and year out, her jobbing business will go beyond the $80,000,000 mark this year, and her manufacturing products are now valued at $25,000,000 to $30,000,000 a year. How is that in addition to 'talk'?" We meant to convey quite the opposite idea. Our understanding is that Wilmington has been quickening mightily not only with the impulses of commercial life, but those toward a higher civic plane. Wilmington, from the testimony we gather, has received a great impetus; and if there was ever any danger of a hopeless condition of dry rot, we think that danger has passed forever. The people there are seizing with courage upon the more serious community problems, and they will work them out.—Greensboro News.

## FAVORS ECONOMIC SURVEY.

Editor of The Star:

Nothing has pleased me more than to read your recent editorials concerning the work of the Bureau of Municipal Research. I have been familiar for some time with the work of the organization and know the good which has been accomplished in communities which have availed themselves of its services.

If a copy of their survey of the city of Atlanta could be placed in the hands of the larger taxpayers they would never be satisfied until arrangements had been made to secure a survey of our own city and county. There is absolutely no tinge of political bias in their reports but defects in systems are pointed out by trained experts which result in the saving of thousands of dollars in the departments of road building, health, schools, charities, police, tax collectors and all other branches of administration. This is not an auditing of books and accounts, but a thorough examination of systems employed.

Usually it is difficult to persuade officials to make provision for the cost of such a survey and the expense in most cities has to be borne by individuals, who have been impressed with its value. So great do I think that the value would be to our community that I will be willing to pay $100 towards the cost. Cannot The Star undertake to raise by subscription the necessary amount? The expense of a complete survey of city and county affairs would be in the neighborhood of $2,000.

M. S. WILLARD.

## TO HAVE SUB-COMMITTEE.

**To Investigate Rural Credits and Agricultural Loans.**

Washington, October 1.—Representative Glass, chairman of the House Banking and Currency Committee today was authorized to appoint a subcommittee to make thorough investigation of the subject of rural credits and agricultural loans. The committee probably will not report any plan for legislation before next Winter.

WOMAN FEELS 10 YEARS YOUNGER

Since Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Louisville, Ky.—"I take great pleasure in writing to inform you of what Lydia E. Pinkham's Vegetable Compound has done for me. I was weak, nervous, and cared for nothing but sleep. Now I can go ahead with my work daily and feel ten years younger than before I started taking your medicine. I will advise any woman to consult with you before going to a doctor."—Mrs. INIZE WILLIS, 2229 Bank St., Louisville, Ky.

**Another Sufferer Relieved.**

Romayor, Texas.—"I suffered terribly with a displacement and bladder trouble. I was in misery all the time and could not walk any distance. I thought I never could be cured, but my mother advised me to try Lydia E. Pinkham's Vegetable Compound and I did.

"I am cured of the displacement and the bladder trouble is relieved. I think the Compound is the finest medicine on earth for suffering women."—Mrs. VIOLA JASPER, Romayor, Texas.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# COUNCIL'S WEEKLY MEETING

**Council Endorses New Passenger Train for Seaboard—Prohibit Roller Skating at Night—Monthly Reports.**

All was quiet and serene at Council meeting yesterday morning, and there was no acrimonious debate of any kind. It being the first of the month, reports from the various city officials were received and approved. A resolution was adopted endorsing the proposed new passenger train for the Seaboard. The signing of the notes for a loan of $100,000 from the Mercantile Trust Company, of Baltimore, Md., was authorized, in accordance with a resolution adopted September 6th by the Council.

All the members of the Council were present with the exception of Councilman Jones, who was called to Greensboro Tuesday on business. The minutes were kept by Capt. Thos D. Meares, city clerk and treasurer.

Mayor Moore introduced a resolution endorsing the movement of Wilmington citizens to procure another train on the Seaboard Air Line, leaving late in the afternoon, and urging upon the management of the Seaboard a compliance with the wishes of the people here. The belief was expressed that such additional facilities to the public would fully compensate the railroad company for such train by increased patronage both in passengers indirectly and in freight indirectly. The resolution was passed unanimously. Mayor Moore stated that he felt that the Council should at all times co-operate with the citizens of Wilmington in everything that will advance the interests of the city.

A communication was received from Chief Williams relative to roller skating at night which he said has caused much trouble. It has been necessary to detail one or more policemen to look after this matter exclusively. It was his opinion that it should be stopped altogether, and this was concurred in by members of the Council. Councilman Merritt moved that an amendment to Ordinance 648 be made, as follows: "And all roller skating on public streets and alleys be prohibited after 6 P. M." This was laid on the table for consideration at next meeting. In the meantime Chief Williams was instructed to exercise his authority as police officer to stop the practice.

The Mayor and the city clerk and treasurer were authorized to execute and sign 100 notes to the Mercantile Trust Company in the sum of $1,000 each, to be paid five years after date with interest at 6 per cent., payable semi-annually, in accordance with a resolution adopted by Council September 6th.

Mr. A. B. Skelding appeared before the Council to submit plans for the construction of a double left-hand track branching off from the tracks of the Tidewater Power Company at 17th street, between Market and Dock, eastwardly into Perry avenue to Carolina Place and thence along Perry avenue to 20th street. On motion of Councilman Wood, the plans were accepted.

A letter from Mr. Thos. H. Wright was read asking that lights be placed at 16th and Chesnut streets and at 15th and Grace streets. It was the opinion of the Council that this be done and the matter was referred to the proper department for action.

G. B. Elliott, Esq., assistant general counsel for the Atlantic Coast Line, appeared before the Council to ask that Council take some action in regard to the laying of a side track from its main line near MacRae street, and extending over the property of the city to and across Anderson street. The Mayor was authorized to execute an agreement with the railroad with the understanding that the railroad company shall not be required to grade or complete the street over which the line runs nor to pave between the rails or for 18 inches outside of the rails as provided for in a city ordinance.

Mr. Elliott asked that the improvement of Front street near the union station, be started as soon as possible. He stated that the Tidewater Power Company thought it unwise to move the present car track from the Front street side to the Red Cross side of the new union station. The street probably will be inspected by the Council before any action is taken in the matter.

W. J. Bellamy, representing Mr. J. B. Farmer, asked that Council reimburse Mr. Farmer for injuries sustained by stepping into an open manhole. The amount asked for is $110. The matter was taken under advisement by the Council but was left open until later.

The Bowser Manufacturing Company asked the Council to amend the ordinance prohibiting the placing of outdoor gasoline pumping stations. The Council expressed itself as being favorably impressed with the proposition and referred the matter to the city clerk and city attorney, who will make a report at the next meeting.

Councilman Merritt introduced a resolution asking that the Board of Health be requested to submit to the Council a detailed statement of monies received and expended on account of scavenging work during the months of June, July and August. The resolution was adopted, Councilman Loughlin voting against it.

Councilman Loughlin, who was authorized at a previous meeting to make examinations of certain alleged defective plumbing in the city, made his report. He stated that he had, in company with a reputable plumber, examined the places complained of by Mr. Branch, and found defects in several of them.

"The investigation indicates to me," he said, "that defective plumbing has been and can be installed with impunity. A number of plumbers insist to me that the plumbing ordinances of the city are not being even substantially complied with. If the cases presented to me were picked out at random and represent the average of the small job plumbing I can well agree with them."

"I recommend," he continued, "the demand for more rigid inspection and the impartial condemnation of bad work under that inspection, and prosecutions for infractions of the ordinances and an examination of every journeyman plumber. The present ordinance is valueless since it requires the examination of but one member of a firm or concern."

Councilman Loughlin's report and recommendations were ordered to be sent to the health department for consideration.

Councilman Merritt said that he wished to commend Mr. McAllister, superintendent of streets, and Mr. Holten, superintendent of sanitary department, for faithful and efficient service which they are rendering the public. He stated that very few complaints are now being made regarding sanitary conditions in the city.

He said that he had recently received notice that a manufacturing enter-

(Continued on Page Six.)

# NAVIGATION AND PILOTAGE

**Official Report of Proceedings of the Board of Commissioners Held Yesterday—Pilot Boat Capt. Cahill Licensed.**

Wilmington, N. C., Oct. 1, 1913.

Regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held today, with the following present: Vice-Chairman J. W. Harper, Commissioners H. G. Smallbones, William St. George and J. J. Loughlin, and Clerk L. Brown McKoy.

Reading of the minutes of the last meeting was dispensed with, as they had been published in the newspapers at the time and read by the Commissioners.

Reports of monthly sounding committees for August and September were read and approved. Pilot J. S. Sellers, a member of the September committee, stated that he had been unable to serve with the committee, but he presented to the Board a report of soundings which he had made personally, which was accepted by the Commissioners under the circumstances.

The September soundings report was as follows, the figures showing depth in feet at high water, with a rise of tide of 4 feet 3 inches.

From sea buoy to buoy No. 1, least 31; greatest 34.

From buoy No. 1 to buoy No. 3, least 34; greatest 39.

From buoy No. 3 to buoy No. 2, least 29 1-2; greatest 39.

From buoy No. 2 to buoy No. 4 1-2, least 29 1-2; greatest 42.

From buoy No. 4 1-2 to buoy No. 5, least 29 1-2; greatest 42.

From buoy No. 5 to buoy No. 6, least 29 1-2; greatest 36.

From buoy No. 6 to buoy No. 7, least 29; greatest 40.

From buoy No. 7 to buoy No. 2-A, least 27; greatest 44.

The Clerk reported that Pilot J. S. Sellers had applied for the licensing of his launch Captain Cahill, as a pilot-boat, and the following letter on this subject, addressed by the Clerk to Pilot Sellers, was read:

Wilmington N. C., Sept. 26, 1913.

Pilot J. S. Sellers, 519 South Front street, Wilmington, N. C.

Dear Sir:—Your application for the licensing of your boat Captain Cahill as a pilot-boat, has just been returned to me by the Southport Commissioners, to whom it was referred; but the application has not been approved, and I am instructed by Vice-Chairman Harper to say to you that the Board does not feel justified in issuing a license for the Captain Cahill, unless a thorough understanding is had with you that the rules and regulations of the Board will be strictly observed.

The Board was forced to cancel the license of the Captain Cahill several weeks ago, on account of flagrant violation of the regulations, and the Commissioners are not inclined to re-license the boat unless you appear in person before the next meeting of the Board—to be held on Wednesday, October 1, 1913, at 11 A. M., at the offices of Messrs. Alex. Sprunt & Son, Wilmington—and solemnly undertake to conduct yourself and your boat in strict conformity with the Board's regulations. Respectbully,

L. BROWN McKOY, Clerk.

In response to this letter Pilot Sellers appeared personally before the Board and assured the Commissioners that in requesting a re-licensing of the Captain Cahill, he fully intended to comply with the rules and regulations, and that he would use the boat for no other purpose than those of pilotage, and, further, that it was his intention to continue the Captain Cahill in the pilotage business throughout the Winter. Pilot Sellers was then excused and the Board went into executive session.

After considering the matter carefully, the Commissioners instructed the Clerk to place on record that it was not the desire of the Board to work a hardship upon any of the pilots, through the enactment of too rigid regulations, but that for the good of the service they deemed it expedient to make a ruling that in future all pilot-boat licenses would be issued with the understanding that if a license be cancelled within a period of six months from and after its date—either on account of violations of the regulations, or by request of the licensee—the Board will not re-license the same boat thereafter within six months from and after the date of such cancellation; provided that this ruling shall not apply at the discretion of the Board, in cases where there has been a real and bona fide change in the ownership or control of a boat subsequent to the cancellation of its license.

The Clerk was instructed to license the Captain Cahill, with this understanding, and to inform Pilot Sellers, further, that if he wished to cancel the license of his boat, after the expiration of six months, with the intention of using the boat for other purposes, it would be quite agreeable to the Commissioners, who would be prepared to re-license the boat at any time thereafter, if they were assured that the regulations would be complied with.

There being no further business, the meeting adjourned.

L. BROWN McKOY, Clerk.

## THE RECORDER'S COURT.

**Sarah Slater, Colored, Required to Leave City at Once.**

The Recorder yesterday dismissed the case against Henry Howard and Sarah Slater, both colored, charged with cruel treatment of Sarah Slater's child, Rebecca Slater, but found them guilty of one of the grosser offenses, and fined Howard $25 and the costs. The Slater woman was taxed with the costs, and judgment suspended with the understanding that she was to leave the city within 24 hours. Judgment was suspended upon payment of the costs in a case against Robert Jenkins, colored, charged with conducting an immoral place, capias to issue within 48 hours if he fails to leave the city. Several had fallen by the wayside, and fined and taxed with the costs.

**Another Lecture.**

The Bible Institute under the auspices of the colored Y. M. C. A., which is being conducted at St. Stephen's A. M. E. church of this city, by Rev. S. N. Vass, of Raleigh, is meeting with the greatest success, and large audiences are attending the lectures which are given in the afternoon and at night. Last night Dr. Vass spoke on the subject, "Solving the Race Problem." It was along practical lines. Yesterday afternoon he lectured on the fifth chapter of Genesis. The regular afternoon lecture will be given this afternoon at 3:30 o'clock, and tonight he will deliver his well known lecture on "The Tabernacle and the Sacrifices." The public is cordially invited to attend.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

# FALL MILLINERY OPENINGS

**Although Weather Was Unseasonably Warm Many Visited the Various Openings of Autumn Styles —Fall Fashions.**

Unseasonable weather, in that it was Summer-like, greeted the milliners yesterday who had fixed October 1st as their Fall opening date. It was so warm that it kept many from visiting the various establishments where ladies' hats are sold, but nevertheless many bought Fall millinery and the several places were thronged with buyers.

The styles in shapes, the men will be glad to hear, are small and medium. That is about as far as masculine interest runs, save for the matter of price, and several milliners declared that considering general prices of everything and comparing last Spring prices of hats, the cost of millinery this Fall is very reasonable, shapes being lower than last Spring, though trimmings are a trifle higher. Felt, velvet and plush shapes appear to rule in styles, with ostrich feathers, notably fancy kinds, leading in trimmings, and ribbons form a part and laces appear.

**Gaylord-Platt Company.**

At Gaylord-Platt's there is a world of millinery—one of the largest displays in town, and the crowds that visited the opening yesterday were immense. Connected with the millinery department, which is under the direction of Miss Alma Brown, who has been with the store for more than a dozen years, is the ladies' coat suit and ready-to-wear department, and it is filled with goods superb in every way. The art department, much larger than ever, is next door to the millinery and coat suit departments, and has many very appealing novelties. The place would appeal to the feminine taste of half the State and was visited yesterday by many who placed generous orders. Paper machie butterflies, illustrative of the "wing effects" in the hat trimmings, set off the big millinery department in a very attractive way.

The art department of the store is a revelation. It has been greatly enlarged and includes everything one could think of in the art line of goods. This department is a specialty with the firm and they are proud of it. It was opening day here as in all other lines of the stores, and the splendid stock of gents' furnishings was also thrown open, in which there is a very complete array of all that men and boys and children wear. Being a big department store, the exhibits yesterday comprised a wide range of articles and have interest for every one.

**The "Popular Department Store."**

Rehder's, the "popular department store," was visited by scores of ladies from all parts of the city. There is an idea that this Fourth street establishment sells fashionable stuff cheaper than other places and the crowds attending the opening were large. Miss Gardner is milliner in charge. She has an exhibit of millinery that is particularly attractive, even to a male eye, which is considered wholly devoid of any ability to appreciate the beautiful in millinery. The place was decorated with palms, bamboos and the radiant colors of the goods themselves. Ladies thronged the place yesterday and many sales were made. Several styles in shapes are new, including the "four-cornered" hat, the "double-decker," the "bridal" hat and the "tango"—the latter a soft affair that fits snugly and is attractively girlish.

A number of novelties appear in the Rehder display, in ribbons, from France, into which velvet is woven; feathers, which are patiently treated, each fibre by itself, giving an entirely new effect; lace trimmings, and new things in 'stick-ups." The place is very pleasingly decorated in palms in Winter foliage effects, bamboos, etc., and every visitor is presented with a small box of delicicus confection as a souvenir of his or her visit.

**The C. W. Polvogt Company.**

While the weather yesterday was not altogether suggestive of Autumn crispness, the annual Fall and Winter opening at the store of the C. W. Polvogt Company was a success both from an artistic standpoint and from the viewpoint of crowds in attendance.

Miss Long, the accomplished milliner in charge of the department of all departments on an occasion of this kind, was simply deluged with callers all day long and she received many compliments upon the rare taste displayed in the many new and pretty offerings in this season's headgear and trimmings. In the colors this Fall and Winter black is perhaps the leader although there are some very pleasing shades in brown, seal and gold brown, "nigger-head" brown, navy gendarme blue, green, plum, amber mole and the new tango shade. Black velvets in combination with molines will be popular, while fancy ribbon is used in Oriental effects; also plain and moire ribbon. In the feathers, Cassowary is especially attractive, while there are also goura peacock, paradise, plain ostrich in all the new colors, ostrich novelties, quills, coques and stick-up novelties. The butterfly this season is a favorite in the trimming and this effect has been carried out in a variety of material decreed by Dame Fashion as just the proper thing this season.

Hats for the season run from the small to the medium, the artist's cap and the four-cornered brim being among the favorite shapes. Many new and beautiful creations are to be seen and the feminine portion of Wilmington not represented at Polvogt's yesterday will hail with delight the announcement that the opening is to continue today. Everybody is invited.

Openings at Polvogt's are by no means confined to the millinery department and every nook and corner of the big store is resplendent with the newest and brightest. Next in interest with the ladies to the millinery department was that of ready-to-wear goods, cloaks and coat suits, presided over by Mrs. Gilfillan and Miss Woodcock. In this department there was perhaps never a more distinguished or larger showing in all the new cloths, new shapes, etc. Among the fabrics may be mentioned brocaded epongee, wool ratine, Bedford cords, etc. It is a unique display of smart, new and accepted styles in nearly every garment, each embodying an individual expression of exclusiveness. There are the long and separate coats, Boucle and near-seals; separate skirts, Shepherd and green mixed plaids, evening coats, etc. There is a notable showing of dresses in charmeuse, crepe de chine and velvet brocades; in fact, everything in ready-to-wear and exclusive patterns and styles so peculiar to the Polvogt establishment. Everything that is correct in coat suits and coats, dresses and evening wraps may be found just here.

Still another department of this store, "Wilmington's Shopping Centre," in which the ladies found peculiar delight yesterday was that of silks and dress goods, in charge of Mr. W. F. Fleming. Among the leading silks this season, so brilliantly displayed in the stock, are the brocaded, crepe meteors, Persian chiffons, an overdraping, plain crepe meteors, silk poplins, the Bulgarian crepes, Shepherd plaids. There are also the messalines in all street and evening shades, while in the velvets are the corduroys, the brocaded effects embracing a wide range of prices. In the worsteds the big plaids, ratines, epongees, brocaded, Bedford cords, silk and woll crepe mixtures and serges are strong in the premier dress fabrics for the season.

Everything in the store is in pretty and artistic dress for the opening and this is splendidly reflected from the large show windows in which Mr. H. V. Jenkins, of the Polvogt staff, has done himself exceedingly proud. The north window of the pretty front is attractively dressed to show some of the leading dress fabrics with the Bulgarian effects predominating. The large oval window in the center presents an attractive showing of the pretty and stylish hats and charmeuse. The south window is given over to a most fascinating display of cloaks and coat suits, shirtwaists and some of the more exclusive patterns from this department.

Regardless of the weather, regardless of the numerous other openings of the same day, this annual exposition at Polvogt's was no ordinary affair; the ladies were delighted and they will be again today.

**French Millinery Shop.**

The French Millinery Shop, No. 110 North Front street, held its opening yesterday and was visited by very many ladies who look to this establishment for the correct thing in millinery. Many new and exclusive styles were shown and the opening was fully up to the high standards of former seasons.

## HEARING IN NICHOLS CASE.

**How the Arrested Woman Came to be Discharged—Dramatic.**

The New York World carries the following report of the hearing of Mrs. Lavy, alleged to be Mrs. Nichols, in New York:

One day last June LeMassena saw in Central Park a woman he thought was Mrs. Nichols, whom he had known all his life. He traced her to the Hotel Endicott. He tried to have the North Carolina authorities arrest her in a charge of keeping part of $30,000 intrusted to her to invest. Finally, last Saturday, he got Detectives Brown and O'Brien, of New York headquarters, to take her into custody and lock her up in the Old Ship station.

The prisoner said she was Mrs. Lavy, a permanent resident of the Hotel Endicott. She is nearly 50, tall, handsome, with hair almost white. She said she did not know the LeMassenas. LeMassena declared he knew her well.

She spent Saturday night in the Old Slip station and Sunday and Sunday night in the Tombs and was taken into the Tombs police court yesterday morning befcre Magistrate House. Mrs. LeMassena, having come from Philadelphia, was present.

"That is Mrs. Nichols," she said, after a long look. "The expression around her mouth is a little different and she is stouter than when I knew her in Wilmington several years ago; but that is she."

"You may question her to see if you recognize her voice," Mrs. LeMassena was told. She walked close to the defendant and said:

"Where did you go from Richmond?"

"I was never there," was the quick reply.

"Who do you say you are?" demanded the accuser.

"There are plenty of bankers and dry goods men in New Orleans who will tell you who I am," flashed back Mrs. Lavy. "You have my permission to telegraph them."

The magistrate asked if the accuser had any doubt. She said she thought the defendant's voice had changed a little. Then she suddenly wheeled about and said:

"That isn't your own hair!"

Mrs. Lavy raised her hands, pulled out some pins and let her white locks hang loosely about her cheeks. Then she ran her fingers through them.

"You are Beth!" exclaimed Mrs. LeMassena in a low voice, approaching closer.

"I am not," quietly replied Mrs. Lavy.

Young Le Massena went to the stand. He was as sure, almost, as his mother. The prisoner had changed a trifle, maybe, but he felt she was really Mrs. Nichols.

Then the tide turned. A tall woman of aristocratic bearing, Mrs. Annie Bailey, of Wilmington, testified that she had read the case in the papers and came out of curiosity. The prisoner positively was not Mrs. Nichols, whom she had known 30 years. The same sort of testimony was given by Miss Adelaide Meares, of Wilmington, similarly attracted to court.

Then appeared Charles Podsenick, a law clerk at No. 37 Liberty street. He said his employer, Alexander Bacon, had represented the real Mrs. Nichols. This wasn't she. Mrs. Frances Rosenfeld, a New Orleans visitor to this city, swore the defendant was Mrs. Lavy, whom she had always known. Various clerks at the Hotels Marlborough and Hargrave swore they had known the prisoner for years as Mrs. Lavy.

Magistrate House then discharged her, with the remark that it was easy to mistake identity. He had spoken to a man on the street, believing him to be the foreman of a jury hearing one of his cases, and the man proved to be an entire stranger.

## WILL BUILD PAVILION.

**Work to Begin at Once on Improvement at Greenfield Park.**

Mr. W. B. Brice, the clever general manager of the development of Greenfield Park, stated yesterday that he had had plans made for a pavilion which will be erected at that place at once. The plans and specifications were made by Mr. H. E. Bonitz, architect of this city, and provide for a modern pavilion 40x40 feet in size with promenade walks and seats on all four sides.

It will be built out over the lake with a pier, 50 feet in length and 16 feet wide, extending from the board walk on the car line to the pavilion. The floors will be of hardwood and with electric lights and refreshment stand on either side it will be thoroughly modern in every respect. It is expected to have it completed within 60 days.

Mr. W. N. Rivenbark, of Burgaw, will have charge of the pavilion. He was in the city yesterday and made arrangements for moving his family here at an early date. It is the purpose of the management to have free moving pictures, dancing and other features of parks in the larger cities. A name has not been chosen for the pavilion yet, but this will be done by giving a prize of $10 to the lady who suggests the most appropriate name. A committee will decide on the merits of the names submitted to Mr. Brice, and make the selection.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

**In Business Himself.**

Mr. W. D. Bornemann, a clever and well known young Wilmingtonian, has resigned his place in the general offices of the Atlantic Coast Line, and will take charge of the business so long established by his father at Seventh and Ann streets. A number of improvements are to be made, the stock enlarged and brought up-to-date and friends of Mr. Bornemann predict for him an unqualified success.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

# SOCIAL & PERSONAL

This afternoon at 4 o'clock in the lecture room of the First Baptist church, there will be an important meeting of the W. C. T. U.

* * *

Rev. Thos. P. Noe, rector of the Church of the Good Shepherd, and Mr. Herbert W. Hewlett, have gone to New York City to attend a meeting of the Brotherhood of St. Andrews.

* * *

Mrs. Clarence Mattingly returned to her home, No. 107 South Seventh street, yesterday, from a visit to relatives in the West, where she spent nine weeks visiting at Chicago, Grand Rapids and other places.

* * *

The B. Y. P. U. of Brooklyn Baptist church will have their regular study tonight at 8 o'clock at the church. There will be an illustrated lecture on China with 65 views of life in "Land of the Rising Sun."

* * *

The Carolina Yacht Club will have its annual frolic and dance at the club house at Wrightsville Beach tomorrow night. A feature of the occasion will be the presentation of the Walters-Jones trophy and a silver pitcher to Capt. S. G. MacMillan and Capt. W. M. Peck, winners of first and second places, respectively, in the yacht races this Summer.

* * *

The first regular monthly meeting of North Carolina Sorosis for the Fall will be held this afternoon in the club room of the Masonic Temple. All the members are urged to be present as matters of importance, including plans for the work of the coming year, are to be considered. A matter that will receive attention is the industrial arts exhibit to be given in November. The executive committee is requested to meet promptly at 3:30 o'clock.

* * *

Attended by members of the family and a few intimate friends, Mr. John E. Haar and Miss Laura V. Coleman, daughter of Mr. and Mrs. D. W. Coleman, were united in marriage at St. Paul's Evangelical Lutheran parsonage on Sixth street last night at 8 o'clock, Rev. F. B. Clausen being the officiating minister. The groom is a son of Mr. and Mrs. John Haar. The young couple have a host of friends who will extend felicitations upon the happy event and wish for them a long and happy life.

* * *

A wedding of interest to many friends in the State will take place this afternoon at Whiteville, when Miss Sarah Burkhead becomes the bride of Dr. Joseph Fergus Brewster, of Raleigh. The marriage will be at the home of Miss Burkhead's mother, Mrs. William Grey Burkhead.

After the marriage the bride and groom will go abroad a year, spending the time largely in Germany, but also touring the continent. Dr. Brewster is with the North Carolina experiment station. Miss Burkhead has resided for several years in Raleigh and is a talented woman of charming personality.

* * *

Mr. Alexander N. Sholah, of Burgaw, and Miss Margaret Pearsall, of this city, were married yesterday afternoon at 5:45 o'clock, at the residence of Mrs. P. L. O'Neal, No. 817 Grace street, Rev. Dr. J. H. Foster, pastor of the First Baptist church, officiating. The ceremony was witnessed only by the immediate family and a few invited friends. Following the wedding, refreshments were served, and congratulations extended the young couple. They left on the night train for Burgaw, where the groom is a well known young business man. The bride has a large circle of friends here whose best wishes will follow her to her new home.

* * *

### WALSH-APPLEWHITE WEDDING CELEBRATED LAST NIGHT

A marriage of interest to a large circle of friends was celebrated last night, when Miss Mamie Pearl Applewhite, the daughter of Mr. and Mrs. J. A. Applewhite, of this city, became the bride of Mr. Leon C. Walsh. The wedding was of a very quiet nature, only the immediate family being present, and the ceremony was performed in the manse of St. Andrew's Presbyterian church, Dr. A. D. McClure, the pastor, officiating. Mr. Walsh is one of Wilmington's most promising young men, being connected with the Harriss Typewriting & Advertising Company, and has a host of friends in this city who extend to him heartiest congratulations. The young couple will reside at the home of Mr. and Mrs. J. A. Applewhite, 614 South Sixth street.

* * *

### MR. WINIFRED WHALEY CLAIMS YOUNG BRIDE.

Lumberton, N. C., Oct. 1.—Of much pleasing interest to a host of friends here and elsewhere throughout the State was the marriage today of Mr. W. W. Whaley, a well known and popular young Lumbertonian, and Miss Mary Jeffries, of Canton, N. C., the ceremony having been performed at the home of the bride. Friends of Mr. Whaley had prepared a most enthusiastic welcome for him upon his arrival with his bride tonight on the Seaboard Air Line train, but he forestalled them by leaving the cars at Lowe, a small station near Lumberton, and driving here in their automobile, which was in waiting for them there. Thinking he had avoided them, the young couple were totally unprepared for the noisy demonstration that was given them upon their arrival, friends having "gotten wise" in the meantime.

The bride is a most charming young woman and formerly was of the faculty of the graded schools here. She will receive a most cordial welcome to the city as a permanent resident.

Mr. Whaley is well known for his clever cartoons that have appeared in several papers. He is an illustrator and designer of splendid talent and is much liked in Lumberton where he has lived for a number of years, his father, Mr. L. E. Whaley, being in charge of the extensive interests of the Beaufort County Lumber Co., in this section.

### MAINTAINS HIS INNOCENCE.

**Convicted of Assault, Walter Bell Has Another Man Arrested.**

Maintaining that he is not guilty of an assault on H. Eagles, colored, for which he was sentenced by the Recorder Tuesday to serve 60 days on the roads, Walter Bell yesterday swore out a warrant before Justice Harriss, charging Walter Rivenbark with throwing the stone that struck Eagles on the back of the head Saturday night. Rivenbark was arrested yesterday afternoon by Constable Davis, and in default of bond was committed to jail. Bell has appealed to Superior Court, and is now out on bond. He declares that he can prove an alibi for himself, and that today he will be able to show at the trial that Rivenbark was the man who threw the stone.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## LOCAL DOTS.

—Frank Simpson, colored, was arrested yesterday afternoon by Constable Davis for an alleged assault of Mary Brown, colored. He was recognized by Justice Harriss for his appearane today for trial.

—Carnie McCoy, colored, charged with the larceny of a ham from Emma Smith, also colored, was arrested yesterday by Constable Davis. She was recognized by Justice Harriss for her appearance this afternoon at 4 o'clock.

## PERSONAL PARAGRAPHS.

—Mr. John S. Ramos arrived in the city yesterday from Richmond, where he has been ill for several weeks with typhoid fever. He has recovered sufficiently to get back to his work as editor of the Live Wire and will resume publication of that paper next Saturday.

### OCCUPY Y. M. C. A. ROOMS.

**Many Members Moved Into New Building Yesterday and Last Night.**

Yesterday was "moving day" sure enough at the new Y. M. C. A. building, and many members moved into their new quarters. Others will move today. It is expected that practically all of the 60-odd rooms will be taken by members within the next 10 days. The rooms are fitted up in splendid style and have proved to be very popular with the members.

Practically all the furniture has been moved into the building and it will be opened up for regular work the first of next week. The gymnasium will be open by the 15th of this month. Director Seitters is arranging to have classes for business men, young men, employed boys, high school boys and grammar school boys. A number of features will be provided that should prove quite popular with those who love sports.

The special boys' department under the direction of Mr. Edward Roberts will also begin work next week. This is something new for Wilmington. Secretary Huntington is enthusiastic over the great interest that has been taken in it by the citizens of the city, and has already been assured of a large membership from the start. The boys will be allowed the use of the gymnasium during certain hours of the day, and there will also be social and educational features.

There are other phases of work which will be taken up by the association just as soon as Secretary Huntington is able to get to them.

### "CITY OF FAYETTEVILLE."

**Work of Raising Stern Wheeler Proceeding Slowly—History.**

The wrecking crew working on the City of Fayetteville made little progress yesterday in their efforts to float her. However, they will continue on the job until they find out whether or not she is wrecked beyond repair. The Fayetteville Observer yesterday gave a sketch of the boat, which has plied the river between Wilmington and Fayetteville for the last 10 years. A part of it follows:

"The steamer City of Fayetteville was built in 1904 by Merrell & Stevens, of Jacksonville, Fla., for a stock company composed of Lismon, Lorge & Co., of New York City, and others. For a year after the steamer was floated the original owners ran her between Fayetteville and Wilmington. They then sold out to the Cape Fear Steamboat Company, and the steamer has been in regular service since that time.

"The tonnage of the City of Fayetteville is 135, and she was guaranteed to draw not more than 18 inches with a full cargo aboard. She has a steel hull and was first equipped with tubular boilers, steam heat and electric lights. The passenger accommodations are good, better than any other steamer that ever ran on Cape Fear river. She was licensed to carry 125 passengers with a full cargo of freight."

### POOL CHAMPION HERE.

**Mr. J. L. Malone, of New York, to Give Exhibition at Baxter's.**

Mr. J. L. Malone, of New York, at one time champion pool and billiard player of the world, arrived in the city yesterday from Raleigh and Newbern and Friday night at Baxter's, on Front street, will give an exhibition of the sport to which the public is cordially invited. There is no charge and Mr. Maloney will give an exhibition of pocket billiards, as the game of pool has come to be known. There will, of course, be no charge for admission.

The contest will be played under the new rules governing the emblem for which De Oro and Sherman will play this week in New York City. The difference between the old and new rules provide that only 14 balls are replaced in the triangle, the cue ball and object ball remaining where they came to a rest after the 14th ball is pocketed, and the player continues to play from that position. It will be seen that under the new rules the tiresome safety play will be eliminated.

Both carrom and pocket billiards will be played.

Mr. Malone has been playing for the last four years in several of the South American countries.

### FAILED TO LEAVE TOWN.

**Beatrice Coates Arrested for Alleged Larceny of Diamond Pin.**

Beatrice Coates was arrested yesterday afternoon by Deputy Sheriff Kelly on a capias issued by Justice Harriss. Several weeks ago she was convicted of vagrancy, and judgment was suspended by Justice Harriss with the understanding that she would leave the city at once. Instead of doing so she moved up into a more prominent section of the city, and has been here since, it is said.

The alleged larceny of a diamond studded pin led up to the first charge. The pin was recovered by Messrs. H. Mack Godwin and L. W. Tyndall, and returned to its owner. An affidavit was made yesterday afternoon by Mr. Godwin charging the Coates woman with having stolen it. She was committed to jail in default of bond, and is now being held on this charge.

A warrant was also sworn out by Mr. Godwin charging George Montee, white, with having received stolen goods, it being alleged that he got the pin from the Coates woman. He was also committed to jail in default of bond to await a hearing today before Justice Harriss.

**Mr. W. H. Yopp Better.**

Friends will be glad to learn that Mr. W. H. Yopp, who Sunday suffered an attack which his physicians fear is apoplexy, was reported last night as being somewhat improved. He suffered a slight relapse yesterday morning, but soon regained his strength.

**Invigorating to the Pale and Sickly**
The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria, enriches the blood, builds up the system. A true Tonic. For adults and children. 50c.

### WITH THE MOVIES.

**At The Grand.**

There are so many good things, really superb things, on at the cozy, handsome Grand Theatre today, that it is hard to know where to begin to tell about them. There will be four great films, which include a special two-reel release and the brilliant special film, "The 50th Anniversary of the Battle of Gettysburg." This latter should not be missed. It is a most elaborate film story of the recent great reunion of the Blue and the Gray. The special release today is Kalem's "The Fight at Grizzle Gulch" and it is truly a thriller. The scenery, mammoth and magnificent, form a great background, or setting for the many exciting spectacles presented.

The last of the quartette, but by no means least, is the Biograph's "The Creek and the Girl," with a notable cast, headed by the well known actor, Lionel Barrymore, a brother of the noted Ethel. Other popular artists in the film story are Miss Claire McDowell and Harry Carey. The Grand will not raise its price from the 5 cent piece today. In fact, the Grand is now selling a book of twelve admissions for 50 cents.

**Coup at The Bijou.**

Truly does the popular Bijou make a coup today. It grabs the blue ribbon by presenting the most timely film of the day; one that will command the attention and demand the attendance of every amusement-lover in Wilmington. As the topliner of its superb show today the favorite spot will offer a special two-reel release gotten out by the Kalem Company at great cost. It is "Breaking Into the Big Leagues League" and will present in the stellar roles Manager McGraw and Christy Mathewson themselves. These two noted ball players, much in the public eye just at present, will appear in roles of actors and will make a hit with their hundreds of admirers in Wilmington. The film is a regular comedy drama, with a plot, and its a wonder. Amusement-lovers just can't afford to go shy on this masterpiece today.

There is another great dramatic on today in "Dregs," said to be the most wonderful dramatic story of the times, telling of the life of a crook and how at the last moment he proves a hero.

A big farce comedy, Lubin's "Surprise For Four," is also a merry star today. So amusement-lovers can plainly see the rare treat the Bijou will offer them today and at the same old price—5 cents, any and all the time.

### THE PENDING BEER BILL.

**Advocates Very Earnest About Legislation on Local Option.**

That the people who favor local option in Wilmington, for which a bill has been introduced in the Legislature, are very earnest in their support is evidenced by much talk yesterday, in which it was set forth that a city of the size of Wilmington ought to have the right to say how it shall be governed. So earnest are the advocates of the measure they cannot see why it is impossible, from a State-wide standpoint, that they cannot achieve the miracle of allowing this city to vote on the question of the sale of beer. Sentiment in Wilmington, if one judges by the run of comment every day, is wet so far as majorities go, and that the city shouldn't be able to say what is what, by a vote of the people, is a joke that galls those who are of the "wet" persuasion.

The petitions to support the measure introduced in the House by Mr. Kellum, it is asserted, will have 1,500 signatures by Monday when a large delegation will go to the capital to present the views of those who would have beer sold in the city.

None of these citizense will accept as a fact that the Legislature will not listen to their plea, and they believe that if strong effort is made, the city will be granted local option. Those who do not want the sale of beer or whiskey in the city, are prone to smile at any assertion that the prohibition question will be re-opened for the benefit of Wilmington. In fact, they are resting serenely and securely in the knowledge that nothing whatever will be done. The State at large is undoubtedly wedded to the idea of prohibition and will not recede an inch from the present status of that question.

### TO DECIDE CHAMPIONSHIP.

**Coast Line Club Baseball Team and Co. B Play at League Park.**

At a meeting held last night by members of the team representing Company B, it was formally decided to accept the challenge of the Coast Line club for a game of baseball to be played on the grounds of the City League Saturday afternoon at 4 o'clock for the purpose of deciding the baseball championship of this section. Just a glance at the line-up of the two teams is sufficient evidence that this will easily be one of the best amateur games ever played in this city.

The Coast Liners have it on their rivals both in age and experience, but the supporters of the Brigade boys laugh this to scorn with the assertion that this advantage will be more than offset by the speed and team play of the Company B aggregation of players. Lovers of the National game who have followed the playing of both teams, are about equally divided in their predictions as to the outcome. The official line-up of the two clubs will be given later.

### JURY FOR OCTOBER COURT.

**List Drawn by County Commissioners for Term Beginning Oct. 20th.**

Following is the list of jurors drawn by the County Commissioners for the term of Superior Court beginning October 20th, the first week jurors being:

C. B. Bellois, T. J. Seeders, D. H. Bryan, R. J. Casteen, H. J. Bland, G. T. Landin, J. M. Chadwick, J. C. Piggott, Robert Smith, Jos. H. Watters, E. Poezolt, M. C. Gray, S. B. Corbett, A. J. Johnson, E. M. Dewey, C. C. Rice, W. D. Vanse, W. J. Hart.

For the second week:

J. T. Dooley, W. O. Rickley, J. H. Durham, D. C. North, T. E. Wood, A. David, J. R. Chasen, W. M. Harris, L. Hansen, H. R. Kuhl, A. L. Mott, Jr., F. M. Canady, J. H. Summerlin, W. R. Windley, A. H. Albro, M. I. Davis.

**Death of an Aged Woman.**

Mrs. Margaret L. Lewis, wife of Mr. C. P. Lewis, died at the family home in Pender county, yesterday morning, at 3 o'clock. She was 60 years of age and is survived, besides her husband, by three daughters—Mrs. A. P. Pridgen, of Pender, and Mrs. U. S. Mintz and Mrs. Alex. Russ, of Wilmington, and by three sons, Messrs. John, Leon and William Lewis, all of Pender county. The funeral will be held this morning from the residence, at 10 o'clock, and the interment will be in the Pridgen burying ground.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## COUNCIL'S WEEKLY MEETING

(Continued from Page Five.)

prise was to be established at Sixth and Greenfield streets, and that there would be at least 30 additional families located in that section, and the promoters were anxious to secure water and sewerage for that part of the city. Since water and sewerage is already within two blocks of the site it would require little effort to extend it. It was the opinion of Council that it would be a good idea to extend these facilities, but as work is already being done at Fifth street it would not be long until the sewerage would be extended to this point.

Councilman Wood said that he had received letters from several well-digging firms regarding the deep water wells for Wilmington, and he desired to read one of them, this being from the Sydnor Pump and Well Company, of Richmond, Va. They offered to come to Wilmington to investigate the proposition if it was desired that they do so. Mr. Wood stated that it was his intention to visit Richmond, and take up the matter with them personally.

He called attention to the fact that the United States government had condemned the use of the city water on the trains going in and out of Wilmington, and had required them to get their water at Goldsboro. However, since it had been possible to get water from deep water wells they had been getting it here. He thought that this was a good recommendation for wells.

Chief Williams submitted his report for the month of September which showed that there had been a total of 56 arrests of whites and 97 negroes, most of them being for disorderly conduct. There were only 19 arrests for being drunk which is a considerable decrease. Next to the number of arrests for disorderly conduct the greatest number of arrests has been for violation of the automobile law, the total number being 31. Of these 14 were white people. There were 11 arrests for violation of the prohibition law.

Fire Chief Schnibben's report for the month showed that there were 10 fires. The total fire loss amounted to $1,250 for the month.

Mr. James Holton, superintendent of the scavenging work, made his report of the month's work which showed that the total amount collected by the scavengers was $783.85. The expense of work including the salaries of the collectors and the superintendent was $640.67, leaving a balance of $143.18. He stated that he had to spend $94.35 for harness before he could begin work. This together with the amount paid for lime, etc. amounting in all to about $150 had not been included in the expense account given above.

He stated that the wagons and carts were greatly in need of repairs but that it was useless to repair them as they were single wagons which were made to carry loads for two-horse wagons. The health department, he stated, had failed to turn over to him the care of 700 closets, and that the cleaning of these would have increased his collections at least $200 which would make a profit of $120 for the month.

The report of Mr. John McAllister, superintendent of streets, was submitted and gave a comprehensive and thorough outline of the work that had been done under his supervision during the month. Many streets were patched and gutters and ditches cleaned. All improved streets have been cleaned twice a week. Narly 100 loads of sweepings were sold for which $22.25 was received. The equipment of the health department was moved September 1st to the city stables and additional stables were also built for same.

The trash department delivered to the incinerator the following loads: Dump cart, 749; long cart, 191; wagons, 209, making a total of 1,320 loads. The slop and carrion department, 171 loads of slops; 284 calls for carrion. Revenue for slops, $16.50. During the Summer there has been some extra expense due to giving all employes who have been with the city for a year or more a vacation, which was appreciated.

### OPENING OF CLASSES.

**Gymnasium Instruction at Boys' Brigade Begun Last Night.**

The gymnasium classes of the Boys' Brigade were opened last night for the season of 1913-14. There was a large attendance and the greatest enthusiasm displayed among the boys. The indications are that this will be a most successful season from every standpoint. Mr. Dushan, the director, stated last night that he was very much gratified over the outlook.

Mr. Harry Register has been selected as leader of the classes for young men and has associated with him as assistants, Messrs. Simon Branch, E. J. Irving and Robert Snakenburg. The classes for the Juniors will open tomorrow afternoon at 3 o'clock and will be under the immediate direction of Mr. Dushan. The regular monthly meeting of Company C will be held at 4 o'clock this afternoon, and every member is expected to be present.

**Death of Pioneer Citizen.**

Mr. B. Gause Smith, an uncle of Mr. H. H. Ford of this city, died at his home at Mullins, S. C., Monday. He was also an uncle of Mr. L. B. Rogers, of Asheville, who formerly resided in Wilmington. He was one of the pioneer business men of Mullins, and was president of the First National Bank there. He was a large planter and extensively interested in other business enterprises. He was 66 years of age.

***Make This and Try It for Coughs***

**This Home-Made Remedy has no Equal for Prompt Results.**

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

This simple remedy takes hold of a cough more quickly than anything else you ever used. Usually conquers an ordinary cough inside of 24 hours. Splendid, too, for whooping cough, spasmodic croup and bronchitis. It stimulates the appetite and is slightly laxative, which helps end a cough.

This makes more and better cough syrup than you could buy ready made for $2.50. It keeps perfectly and tastes pleasant.

Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and other natural pine elements which are so healing to the membranes. Other preparations will not work in this plan.

Making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful mixture has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
(advertisement.)

### MR. WALTER L. HOLT DEAD.

**Prominent Fayetteville Business Man Passed Away Yesterday.**

Mr. Walter L. Holt, a prominent business man of Fayetteville and a brother of Mr. E. C. Holt, of Wilmington, died yesterday at noon at the West Brook Sanitarium in Richmond, Va., where he went ten days ago for treatment for a nervous breakdown. The funeral will be held this afternoon at Fayetteville. His death came as a great shock to many hundred friends throughout this section.

He is survived by his wife, who before her marriage was Miss Mary DeRosset, of this city; three children, Messrs. Walter L. Holt, Jr., and William DeR. Holt and Miss Mary Holt, all of Fayetteville; one sister, Mrs. Walter G. Green, of Charleston, S. C.; six brothers, Messrs. Evan C. Holt, Wilmington; S. M. and Ernest A. Holt, Paris, Texas; James H., Robert L. and William I. Holt, Burlington.

He was born at Graham in this State, and was a son of the late James H. Holt. He came from a family distinguished especially for its manufacturing talents, and he himself occupied a prominent position as a cotton manufacturer being president of the Holt-Morgan cotton mills at Fayetteville, and also identified with many other manufacturing enterprises throughout the State. He was a nephew of the late Governor Thos. M. Holt.

Despite his busy career he did not forget the better things of life, and was noted for his kindness and generosity. It could be said in its truest sense that he was a good man, beloved by all who knew him. In his passing Fayetteville loses one of her most useful citizens. He was 55 years of age.

**Pender Superior Court.**

C. D. Weeks, Esq., returned yesterday evening from Burgaw where he has been attending Pender Superior Court, Judge Rountree presiding. Practically all of yesterday was taken up with a completion of the case of E. R. Dallago, one of the Italian settlers at St. Helena, who was suing the Atlantic Coast Line for the death of one of his children killed by a freight train on the track near his home some months ago. The jury awarded a verdict of $1,000. The docket is being rapidly completed and it is expected that court will adjourn by this evening.

**Resinol stops skin troubles**

IF you have eczema, ringworm, or other itching, burning, unsightly skin or scalp eruption, try Resinol Ointment and Resinol Soap, and see how quickly the itching stops and the trouble disappears, even in severe and stubborn cases.

All druggists sell Resinol Soap and Ointment. For free samples, write Dept. 11-M, Resinol, Baltimore, Md.

## COTTON MARKET RECOVERED

**More Than Made Up for the Slump Taken the Day Before—Closes at An Advance of 15 to 25 Points.**

New York, Oct. 1.—The cotton market more than recovered yesterday's loss during today's trading and closed steady, at a net advance of 15 to 25 points. Renewed rains in the Southwest, a bullish private crop report, and more encouraging Washington news appeared responsible for active rebuying by recent sellers, and more aggressive bull support. Reports from Liverpool that Manchester master spinners had threatened a general lockout if Bolton strikers did not return to work by October 25th, served as a check to the buying movement during the middle of the day, but selling was restricted by reports of further rains today in Texas and closing prices were within a point or two of the best. Two private crop reports were issued before the opening, one of them making the condition 67.1, against 71.4 last month. The other report making the condition 63.7, against 69.9 last month, created apprehension that the October Bureau might be more bullish than generally anticipated, and also contained a preliminary crop estimate of 13,500,000 bales, excluding linters. Liverpool was evidently influenced by this latter report and the rain news, for after a relatively easy early showing the cables rallied sharply just before the local opening. October was comparatively easy, at the start here, first prices being one point lower on that delivery, while other months were one to nine points higher, but the near position firmed up and was relatively firm later, on bull support, and covering, which was inspired by the small local stock, as well as by the firmness of the general situation.

For some time past it has been predicted that the local stock would increase rapidly, but so far comparatively little cotton is arriving at New York, and apprehensions were expressed that unsettled weather might render it more difficult to bring supplies here for contract delivery. More settled weather was predicted for the Eastern belt, but the outlook was for continued rains or showers in the Southwest.

Spot cotton, steady. Middling uplands, 14.20; do. gulf, 14.40; sales, 162 bales.

Futures closed steady.

**POOR BUT RICH.**

**In Order to Dodge Payment of Personal Tax Money is Transported.**

New York, October 1.—By the convenient process of transferring their bank deposits to New Jersey or Connecticut institutions wealthy residents of New York State are posing today as poorer by millions. It is estimated that about $25,000,000 has been sent across the river to New Jersey or over the Connecticut State border. The reason is that today is a personal property tax day and many possessors of wealth have long made it a custom to adopt this ruse to avoid taxation in New York State.

John D. Rockefeller owns more personal property than any other man in New York City, according to the tax assessments. Mr. Rockefeller's personal property is assessed at $5,000,000. Other personal property assessments were: John D. Rockefeller, Jr., $395,000; William Rockefellery $300,000; Thomas F. Ryan, $200,000; Mrs. Russell Sage, $465,000; Herbert L. Satterlee, $500,000; Jacob H. Schiff, $400,000; James Speyer, $200,000; Herman Sielcken, $500,000.

This does not include real estate, stocks or bonds.

**Whenever You Need a General Tonic Take Grove's**

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. Drives out Malaria, enriches Blood, Builds up the Whole System. 50c.

## WHEAT OFF THREE EIGHTS

**Heavy Receipts Push Price Down Decidedly, but a Lively Rally at Closing Brought Figures Near the Day Before.**

Chicago, Oct. 1.—Selling pressure, due largely to a flood of receipts in all directions, carried wheat today to a net low price record for the season. Despite a lively rally, closing figures were ⅝c. under last night. Corn finished ⅝ to ¾ down, and oats off ¼ to ¼@⅝, but provisions at 2½ to 22½ advance.

Cash grain:

Wheat—No. 2, red, 92¾; No. 2, hard, 85¾@86¼; No. 2, Northern, 86@87; No. 2, Spring, 86½.

Corn—No. 2, 71@72; No. 2, white, 71¼@72¾; No. 2, yellow, 71½@72¾.

Oats—No. 2, white, 42; standard, 41½@42.

Wheat—December, 87¾; May, 92¼.

Corn—October, 70⅛; December, 69¾@69⅝; May, 71¼.

Oats—December, 42@42⅛; May, 45⅝.

Pork—January, 20.07½; May, 20.22½.

Lard—October, 10.95; January, 10.97½; May, 11.10@11.12½.

Ribs—October, 11.02½; January, 10.60; May, 10.70.

## MARINE.

**Arrived.**

Br. str. Cardigan, 2,691 tons, Williams, Buenos Ayres, Alexander Sprunt & Son.

**Cleared.**

Schr. Bayard Hopkins, 212 tons, Harrison, Georgetown, Maffitt & Wood.

**MARINE DIRECTORY.**

**List of Vessels in Port at Wilmington, North Carolina.**

**Steamers.**

Str. Cardigan (Br.), 2,691 tons, Williams, Alexander Sprunt & Son.

Str. Aboukir (Br.), 2,346 tons, Young, Para, Alex. Sprunt & Son.

Str. Mariner (Br.), 1,523 tons, Morrison, Alexander Sprunt & Son.

Br. Str. Dinsdalehall, Quesnel, 2,535 tons, Alexander Sprunt & Son.

Str. Sorwell (Br.), 2,341 tons, Evans, Pomaron, Spain, H. P. Whyte.

Str. Corby (Br.), 2,280 tons, Prince, Buenos Ayres, Alex. Sprunt & Son.

Str. Fitzpatrick (Br.), 2,838 tons, Robson, New York, Alex. Sprunt & Son.

Str. Ines, Bank (Br.), 2,162 tons, Mayne, Boston, Alex. Sprunt & Son.

**Schooners.**

Schr. Calhoun E. Ross, 375 tons, Colburn, Jersey City, Maffitt & Wood.

Schr. Benj. F. Poole, 1,098 tons, Cole, Maffitt & Wood.

**BY RIVER AND RAIL.**

**Receipts of Cotton and Naval Stores at the Port.**

Wilmington, N. C., Oct. 1.

Atlantic Coast Line—3,237 bales cotton; 6 casks spirits turpentine; 12 barrels crude turpentine.

Seaboard Air Line—832 bales cotton.

Clyde Line—4 bales cotton.

Str. Lisbon—4 casks spirits turpentine; 11 barrels rosin; 4 barrels tar.

Str. Louis—8 barrels tar.

Total—4,073 bales cotton; 10 casks spirits turpentine; 11 barrels rosin; 12 barrels tar; 12 barrels crude turpentine.

**WILMINGTON MARKETS.**

STAR OFFICE, Oct. 1.

SPIRITS TURPENTINE — Steady, at 37¼ cents per gallon.

ROSIN—Steady, $3.30.

Quotations same day last year—Spirits turpentine, 37½; rosin, $3.10; tar, $2.20; crude turpentine, firm, at $3.25@$4.75 to $4.75.

**Receipts.**

| | |
|---|---|
| Spirits Turpentine | 10 |
| Rosin | 11 |
| Tar | 12 |
| Crude Turpentine | 12 |

Receipts same day last year — Spirits turpentine, 75 casks; rosin, 61 barrels; tar, 11 barrels; crude turpentine, 12 barrels.

**COTTON MARKET.**

Market—Spot, steady, at 13¾ cents for middling.

Market — Same day last year, firm, at 10¾ for middling.

Receipts, 4,073. Same day last year, 3,161 bales.

Total receipts since Sept. 1, 59,051 bales.

Total receipts same time last year, 51,548 bales.

**PRODUCE MARKETS.**

(Quoted by W. J. Meredith, Sept. 27.)

CORN—$2.05@$2.10 per sack.

POTATOES—Irish potatoes, new crop, 85c. per bu. Sweet potatoes, new, 70c.; dull.

PEAS—Out of season.

BEEF—Native, dressed, dull, 8c.

PORK—Small, 11@12c.

WOOL—Burry, 11 to 12c. per lb.; free 17c. per lb.

HIDES—Green salt, 11c; dry flints, 14@16c. per lb.

NORTH CAROLINA BACON—Hams, 21 to 22c. per lb.; sides and shoulders, 15½c. per lb.

BEESWAX—Firm, 27@28c. per lb.

TALLOW—Firm 4 to 4½ per lb.

POULTRY — Chickens, good demand. Grown, 40 to 45c.; Spring chickens, 15@35c. per head.

EGGS—26c. Good demand.

SHEEP—Old Sheep, 75c. to $2.50 per head; very dull. Lambs, $1.50 to $2.50 per head.

TURKEYS—Live, on foot, 20c. per lb.

**WILMINGTON PEANUT MARKET.**

(Quoted by J. S. Funchess & Co.)

Wilmington, N. C., Sept. 28.

Market—Weak. Nothing doing.

North Carolinas—No. 1, prime hand-picked, 75; machine-picked, 70.

Spanish—Prime, hand-picked, $1.00; machine-picked, 90c.

Virginias—Prime hand-picked, 75c.; machine-picked, 80c.

## CAVALRY AT LEESBURG.

**Half of Long Hike from Winchester, Va., to Washington Finished.**

Leesburg, Va., Oct. 1.—With the arrival here today, the 10th and 11th regiments of United States cavalry, which have been participating in the army maneuvers at Winchester, Va., completed about half of their long hike across country to Washington. The troops broke camp at Winchester yesterday morning, halting at Castleman's Ferry last night, and continued their ride to Leesburg today. Tomorrow they will resume their hike to Hunters' Station, a distance of 36 miles, and on Friday will march to Fort Myer, where it is expected they will be reviewed by President Wilson and Secretary Garrison.

## TO PICTURE DEAD.

**In An Effort to Identify Those Buried in Potter's Field.**

New York, October 1.—The army of unknown dead sent by the city each year to Potter's Field is to pass before the camera of police headquarters in future. In addition a systematic attempt is to be made to identify the body of each unfortunate before burial.

To accomplish this, so far as possible, Police Commissioner Waldo today established a police bureau of unidentified dead.

The death of Congressman Timothy D. Sullivan, whose body lay unidentified for 13 days hastened the establishment of the bureau.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## GENERAL ADVANCE IN MARKET

**Because of the Belief that Short Interests Had Been Over-extended Demand for Stocks on the Market Were Better.**

New York, Oct. 1.—Under the lead of the coppers, which made the best showing of any group in the market, stocks moved upward today. Union Pacific, Reading and Canadian Pacific rose a point each, but the advance in general was small.

The demand for stocks were better, owing, perhaps, to the belief that the short interest had been over-extended by recent selling, and that the market was in a strong technical position. Business was concentrated largely in the speculative favorites.

The market opened with a general advance. Bear traders reduced their attack centering their efforts on Steel, which was depressed under yesterday's low price. The market moved irregularly for a time, but gradually developed strength.

The exceptional rise in Coppers was associated with the advance of the metal in London and the strong showing made in the European fortnightly report of copper stocks. A better feeling abroad was reported and stocks were bought on a liberal scale for foreign account. Unfavorable August returns for a number of the large Eastern lines failed to depress railroad stocks. New York Central and Pennsylvania both reported large shrinkages in net, and Erie made the poorest showing of recent months.

Bonds were irregular. Total sales, par value, $1,125,000. United States bonds were unchanged on call. Total sales were 315,100, including American Tobacco, 400; C. and O., 2,100; Lehigh, 1,000; L. and N., 100; N. and W., 100; S. A. L., pfd., 200; Southern Railway, 500; Tennessee Copper, 300; Union Pacific, 40,100; U. S. Steel, 81,700; V.-C. C., 300.

**NEW YORK PRODUCE MARKET.**

New York, Oct. 1.—Flour—Barely steady.

Wheat—Easy. No. 2, red, 94½; No. 1, Northern Duluth, 94½.

Corn—Easy. Export, 79½.

Hides—Firm.

Leather—Firm.

Petroleum—Steady.

Wool—Steady.

Turpentine—Steady.

Rice—Steady.

Rosin—Quiet.

Molasses—Quiet.

Sugar—Raw, easy. Muscovado, 2.98; centrifugal, 96 test, 3.48; molasses sugar, 2.73; refined, easy.

Butter—Steady, unchanged.

Cheese—Firm, unchanged.

Coffee—Spot, firm. Rio, No. 7, 10¾; Santos, No. 4, 12¾; mild, steady; Cordova, 13@16¼.

Potatoes—Steady and unchanged.

Peanuts—Steady and unchanged.

Cabbages—Steady and unchanged.

Freights—Firm.

Cotton Seed Oil—Firm, closing to 8 points net higher. Commission houses and shorts were fair buyers, inspired by the advance in lard and cotton and higher crude markets. Tenders were light. Sales, 12,700 barrels. Prime crude, 5.94@6.00; prime Summer yellow, spot, 7.22@7.25; October, 7.21; November-December, 7.14; January, 7.19; February, 7.28; March, 7.37; April, 7.45; May, 7.56.

Prime winter yellow, 7.50@8.00; prime Summer white, 7.30@8.00.

**DRY GOODS MARKET.**

New York, Oct. 1.—Cotton goods markets were higher and firmer today, as a consequence of higher cotton. A lockout in Dundee burlap mills, caused further excitement in markets handling just products. Cotton and worsted yarns were firmer.

Laces and embroideries for Spring were bought carefully by retailers. Fancy dress goods and fancy coatings were in good call for immediate shipment.

**NAVAL STORES.**

New York, Oct. 1.—Turpentine—Steady.

Rosin—Quiet.

Savannah, Oct. 1.—Turpentine, steady, at 38¼. Sales, 732; receipts, 672; shipments, 391; stocks, 25,303.

Rosin—Firm. Sales, 3,049; receipts, 2,078; shipments, 3,295; stocks, 163,766. Quote: A, B, C, D, E, F, G, H, I, 3.57½; K, 4.10; M, 5.45; N, 5.10; W G, 6.05; W W, 6.15.

Petitions for the pending beer bill may be found at Junction Restaurant, Wilmington Cigar Co., and Atlantic Cafe. (advertisement.)

## THE WEATHER.

**United States Department of Agriculture, Weather Bureau.**

October 2, 1913.

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

**STATE OF NORTH CAROLINA, COUNTY** of New Hanover. In the Superior Court, September Term, A. D. 1913.—M. W. Divine, M. J. Corbett and C. C. Chadbourn vs. Carter's Creek Fish Guano Company. Summons and Warrant of Attachment.

State of North Carolina. To Carter's Creek Fish Guano Company:

You are hereby commanded to be and appear at the next term of the Superior Court of New Hanover County, to be held in the Court House at Wilmington, N. C., on the 7th Monday after the first Monday in September, A. D. 1913, it being the 20th day of October A. D. 1913, to answer the complaint of the plaintiffs, which has been filed in the above entitled cause, and you, Carter's Creek Fish Guano Company, are notified that if you fail to appear and answer or demur to the plaintiffs' complaint during the said term, the plaintiffs will apply to the Court for the relief demanded in said complaint.

You are further notified that this action was brought by the plaintiffs to recover of Carter's Creek Fish Guano Company the sum of twenty-two thousand five hundred dollars ($22,500.00), with interest on $15,000.00 from the 15th day of March, A. D. 1913, and interest on the sum of $7,500.00 from the 1st day of April, 1913, said indebtedness being evidenced by two promissory notes dated March 14th, 1912, executed by Carter's Creek Fish Guano Company, to the plaintiffs above named.

Carter's Creek Fish Guano Company are further notified that at the time the original summons was issued herein, which was returnable to the September term of the Superior Court of New Hanover county, a warrant of attachment was issued against its property and levied upon the indebtedness due by the Ocean Fisheries Company to Carter's Creek Fish Guano Company, amounting to the sum of about Twenty-Six Thousand Dollars ($26,000.00), which said warrant of attachment was returnable to the September term of the Superior Court of New Hanover, to be held in the Court House at Wilmington, N. C., on the 8th day of September, A. D. 1913, and due to the fact that the said warrant of attachment and summons could not be personally served on you, publication of the same was started and this notice and summons is to complete the service heretofore started, said warrant of attachment being levied to secure the payment of any judgment obtained in this cause on the two notes above mentioned, which are now due and owing to the plaintiff, at which time and place you may attend and defend this action, if you so desire; otherwise, judgment will be taken according to law condemning the said attached property for the satisfaction of any judgment obtained herein, according to law.

This 9th day of September, A. D. 1913.

W. N. HARRISS,
Clerk Superior Court.

**Smart Styles for Young Men**

Copyright Hart Schaffner & Marx

Young men can't afford to dress in any but the best style; and the best style is something that only the most expert designers can produce; style in clothes is an art, not simply a word. It's the real art of style in them that makes Hart Schaffner & Marx clothes so much preferred. You'll find that no made-to-measure garments, whatever you pay for them, will give you the lasting satisfaction that's to be had in these goods.

It is such clothing as this of Hart Schaffner & Marx that makes made-to-order clothes unnecessary; they're better than most made-to-order in every way; in fabrics, tailoring, style, fit. You'll see it for yourself here.

See what value $25 will give you; we have them at less, and more.

Royal Brand Boys' Suits and Overcoats, the best yet, in up-to-date Norfolk Suits.

# AMERICAN NATIONAL BANK

WILMINGTON, NORTH CAROLINA

## MANY REFUGEES CROSS BORDER

(Continued from Page One.)

can constitutionalists in favor of the Federals in decisions relating to the neutrality proclamation.

Mr. Beach says Federal representatives are buying horses, saddles and forage at San Antonio and that Assistant Secretary Hamlin has ruled these purchases not in violation of neutrality proclamation. On the other hand, Mr. Beach declares that an officer of the constitutionalist army has been prevented from exporting food for the constitutionalist troops.

Treasury officials declared there was no intention of discriminating and that all articles such as horses, saddles and feed were not regarded as munitions of war and would be permitted to go across the border, whether intended for Federal, rebels or any one else. The situation will be investigated.

### Will Not Be Destroyed.

Piedras Negras, Mexico, Oct. 1.—The city of Piedras Negras will not be destroyed, and every precaution will be afforded property owned by Americans and other foreigners during anticipated hostilities between the Constitutionalist and Federal armies. This assurance was given American military authorities late this afternoon by a representative of General Jesus Carranza, Constitutionalist commander, following vigorous protests made by the State Department through United States Consul Blocker.

It had been reported that, with the evacuation of the city by the Constitutionalists, plans had been made to dynamite the town in case the Federals' advance was not checked by the momentarily expected engagement. In the communication to Consul Blocker and the military authorities, General Carranza expressed the hope that nothing would occur to warrant the American soldiers crossing the international line. It was intimated that it might become necessary to destroy some of the buildings owned by known Federal adherents, but that foreign-owned property would receive fair treatment.

Following this assurance, remaining residents of Piedras Negras with the assistance of the American authorities, organized a neutral government and martial law now is practically in force. Fifty men were employed to guard property on reports that organized bands had begun to sack abandoned residences and business places. Looters will be shot.

### "Juge de Uvas."

Protests of the State Department were presented by Consul Blocker and Major Caldwell, of the 14th United States Infantry, in command of the troops at Eagle Pass. At the conclusion of the conference with the Constitutionalist authorities, the Americans were greeted with cries of "juge de uvas" (grape juice.)

On the American side tonight, soldiers patrolled the entire river front to prevent Federal sympathizers crossing the border to begin a filibustering expedition.

Fear of such a contingency after the army left Piedras Negras was expressed today by the Constitutional chiefs. At both ends of the international bridge strong guards were maintained.

Tonight hundreds of wagons still were lined up before the international bridge, awaiting an opportunity to cross to the American side. Women and children slept inside while the men kept watch outside, guarding their families and such of their personal possessions as they had been able to carry in their flight. Most of them are of the poorer Mexican rural classes.

Those familiar with the situation believe the danger of a general conflagration and that almost normal conditions will prevail unless irresponsible mobs control the city.

## HOLD THIRD INQUEST.

### Widow of Rear Admiral Eaton Awaits Trial for His Murder.

Hingham, Mass., Oct. 1.—The inquest into the death of Rear Admiral Joseph Giles Eaton, whose widow is awaiting trial on the charge of murder, will be re-opened here tomorrow. It will be the third time the inquest court has been assembled since the mysterious death of Admiral Eaton at his home on the morning of March 8th. The inquest was begun March 15th and abruptly closed March 20th following the arrest of Mrs. Eaton. She is charged with having poisoned her husband.

The district attorney admitted at that time that there were gaps in the case against Mrs. Eaton which he hoped later to fill. Some time after the grand jury had indicted Mrs. Eaton District Attorney Barker again convened the inquest court, heard the testimony of several witnesses and again closed it temporarily. Officers connected with the State's case since have been declared they do not know where the poison alleged to have been given Admiral Eaton, was purchased or by whom.

Mrs. Eaton's trial is set for October 15th.

## KINGMAN NOMINATED.

### For Chief of Engineers With Rank of Brigadier General.

Washington, Oct. 1.—President Wilson today sent to the Senate the nomination of Col. Dan C. Kingman, of the United States army, corps of engineers, to be chief of engineers, with the rank of Brigadier General.

Nominations for postmasters included: South Carolina, J. F. Rickenbocker, Lake City; P. M. Huff, Piedmont Virginia, S. C. Cox, Galax.

## "SNEAK BILL" SLIPS THROUGH

(Concluded from Page One.)

State and other matters. Mr. Dowd said quite a lot of money had been saved by the resolution two years ago. Resolution was adopted. Gaither, to amend law relating to the probate of deeds of building and loan associations.

### Third Reading Roll Call Bills.

Amend law relative to Dunn road district; amend law relating to graded schools in Newbern and to issue bonds; amend charter of Newbern; amend law relative to road bonds in Sampson; amend law relative to improvement of roads in Beaufort.

The House resolved itself into a committee of the whole, and Mr. Kellum was called to the chair.

On the proposed amendment providing for $6 a day for sixty days and 10 cents a mile each way, with pay of presiding officers $8 a day, the aye and no vote was taken; aye, 74; no, 31.

Amendment Five relative to the elimination of lacal laws, providing for general laws to take care of these matters, was then taken up and wide difference of opinion developed.

Mr. Haymore offered an amendment giving the Legislature power to regulate sanitation, abate nuisances and similar matters.

Mr. Austin rung in child labor legislation and was informed by Brawley that it is a State matter, and not affected by local legislation.

Mr. Bowie thought the proposed section took from the Legislature its constitutional powers. Mr. Doughton moved that further consideration be postponed in order that a conference may be held in an effort to get together.

The committee rose to report progress.

New bills out of order included:

Koonce, establish special Onslow county court; Koonce, amend act providing for good roads in Onslow; Young, of Harnett, to authorize fence commissioner to sell public fence in Harnett county. The House adjourned at 1:30 until Thursday at 10 o'clock.

### In the Senate.

In the Senate, McLean, of Scotland, defeated the bill, making November 5th and 6th good roads days, legal holidays, and got through two bills he had introduced at the morning hour, they being to extend the time for loading refrigerator cars from 24 to 48 hours and to require the railroads to give the weight of load shipments on watermelons.

The Senate decided to fix the time limit for the introduction of bills other than those relating to matters in the call for the extra session, October 2nd.

Among bills introduced were:

Weaver, amend revisal relative to manner of condemning land for sites for schools; Thorne, legalize election in Coopers township, Nash county, and issue bonds; Daniel, authorize directors of State prison to aid in construction of a road in Halifax township, Halifax; Evans, of Bladen, change boundary lines of Clarkton, Bladen county; authorize Haywood county to levy taxes and improve roads; Peterson, relative to introduction of deeds and documents in evidence; Peterson, prevent fraudulent entries on lands; Studdert, appoint justice of peace in Beaufort; Bellamy, amend act of 1909 relative to pay of substitute Recorder of New Hanover; Bellamy, amend act as to holding court in Brunswick; Davis, incorporate Cape Lookout and Western Railway company; Hawes, for stock law election in Pender; Pharr, correct error in act of 1909, relative to deposits by fire insurance companies; Pharr, create State Highway Commission; Pharr, change name of Carolinas Cotton Worlds Fair to Panama World Exposition; Gilliam, relative to Superior Court of Edgecombe; Bryant, amend act of 1913 as to renumbering judicial districts; Studdert, give Superior Court of Beaufort concurrent jurisdiction with Recorder's court of Beaufort; Studdert, reduce rental of school books at graded schools of Washington; Payne, by request, validate deeds of married women who, prior to September 24th, 1913, were free traders under revisal.

Among bills passed final r eading were:

Senate bill amending Robeson county road law of 1913; Senate bill amending charter of Rowland, Robeson county, so as to provide for municipal improvements; House bill amending act of 1913 for road bond election in Edgecombe; Senate bill changing name of school tax district No. 1, Rowland, Robeson county, issue bonds and levy tax and establishing Rowland graded school district; House bill authorizing water bonds for Selma; Senate bill amending law as to deposits by fire insurance companies.

At 1:40 the Senate adjourned until 10 o'clock Thursday.

## ENTOMBED FOUR DAYS.

### Man Buried in Mine Talks to Friends Through Tube.

Centralia, Pa., Sept. 30.—As darkness fell tonight at the Continental Colliery of the Lehigh Coal Company, the voice of Thomas Toshesky, entombed in the Mammoth vein since Friday morning, was heard through a tube 50 feet long, which had been inserted in a hole bored in a wall of coal. His first inquiry being about his family. The entombed man said he was nervous because of the long confinement and absolute quiet. Mine officials with the rescuers told Toshosky to keep up his courage and get more sleep as it probably would be another 12 hours before he could be reached.

## GET GOOD HAUL.

### Robbers Make Safe Get-Away With $4,000 in Arkansas Town.

Fort Smith, Ark., Oct. 1—Announcement was made tonight that robbers who early today dynamited the vault of the First State Bank at Dardanelle, Ark., and escaped after exchanging shots with a posse of citizens, obtained approximately $4,000. The interior of the bank building was damaked to the extent of $2,000. Up to a late hour tonight the bandits had succeeded in eluding half a dozen posses who are combing the countryside about Dardanelle.

Lookouts armed with rifles held up citizens who were aroused by explosions in the bank's vaults and after an hour's firing the robbers got away. One of them was believed to have been wounded. There were about eight men in the band.

## SPECIAL SESSION GRAND JURY.

### Of New York County to Consider Developments in Case of Thaw.

Albany, N. Y., Oct. 1.—The advisability of a special session of the New York county grand jury to consider developments in the Thaw case was discussed today by Acting Governor Glynn, Attorney General Carmody, William Travers Jerome, and District Attorney Conger, of Dutchess county. An order convening the grand jury and designating the attorney general to take charge of the proceedings, is expected from acting Governor Glynn tomorrow.

Reports have been received by State officials, it was said today, that undue influence had been used in an effort to prevent the Dutchess county grand jury from returning an indictment against Thaw charging bribery in connection with his escape.

## VISITS FORTRESS MONROE.

### Secretary of War Garrison and Staff Witness Drill and Practice.

Norfolk, Va., Sept. 30.—Secretary of War Garrison, General Leonard Wood, chief of staff, and General Weaver, o fthe artillery corps, spent today at Fortress Monroe. They arrived early this morning and were met by General Ira Haynes and staff. They inspected all the buildings on the government reservation and witnessed a drill and target practice.

Secretary Garrison was particularly interested in the artillery school and expressed himself as pleased with conditions generally at the fort. The party returned to Washington tonight.

## CAMDEN MAN GETS BAD.

### South Carolina Citizen Starts Little Fun of His Own.

Washington, Oct. 1.—When the ambulance arrived last night it turned out that Willie W. Mikle, of Camden, S. C., was not as much in need of first aid as the policeman who had called for it thought. Mikle threw both the young interne and the driver out of the ambulance, and when he finally was subdued with the assistance of part of the crowd which gathered about, he was in no more need of hospital treatment than those who had come for the "patient." At the hospital he was profuse in his apologies.

## DENOUNCES FREIGHT POOL.

### Hamburg-American Line Differs With North Atlantic Combine.

Hamburg, Germany, Oct. 1.—The Hamburg American Line today denounced the North Atlantic passenger and freight pool, agreements in regard to which come to an end December 31st.

The differences arose owing to a claim put forward by the Hamburg American Company for a larger percentage of emigrant traffic. A conference is to be held in Paris shortly but in well informed circles it is thought there is little prospect of a settlement.

## TO LECTURE IN SOUTH.

### President Wilson Will Address Southern Commercial Congress.

Washington, Oct. 1. — Senator Fletcher, of Florida, today extended an invitation to President Wilson to speak at the Inter-State Fair at Pensacola October 26th. The President had agreed tentatively to go to Mobile, October 27th, to attend the Southern Commercial Congress and he may stop at Pensacola the day before. The Inter-State Fair is participated in by people of Florida, Georgia and Alabama.

## A BLESSING IN THE HOME

Good, honest proprietary medicines like Foley Kidney Pills succeed because they are honestly made of pur drugs that can not help but heal and cure kidney and bladder ailments and urinary irregularities. They are a blessing in many homes, and a help that cost little and does much. No others so good as Foley Kidney Pills. Try them.—R. R. Bellamy.
(advertisement.)

## URGED TO GIVE SUPPORT.

### Want President to Lend Aid to Waterpower Bill for California.

Washington, Oct. 1.—The California delegation in Congress today urged President Wilson to support the bill granting waterpower rights to the city of San Francisco in the Hetch-Hetchy valley. The bill was passed by the House and expected to pass the Senate, although pressure is being brought to bear against it by those who contend the project will be injurious to Yosemite Park.
